3rd U.S. Nuclear Failure Might Mean End To Tests

By ASSOCIATED PRESS

WASHINGTON—A third failure to explode a U.S. nuclear device high over the Pacific has raised the question whether the test series will be brought to a halt.

The fizzle Wednesday night at Johnston Island led yesterday to an hours-long conference of Defense Department and Atomic Energy Commission officials.

The subjects discussed and any agreements that may have been reached were kept secret. But, clearly, the United States is in the process of deciding what nuclear step to take next.

An official said later he doubted the meeting was held to decide whether to end the test series. But, he also said: "Any decision to halt the series would have to come from the White House. President Kennedy has been watching this series very closely."

In any event, it will take weeks before another test could be conducted at Johnston Island. The destruction of a Thor missile on the island's only launch pad Wednesday night caused damage that a broadcast from Johnston said would take at least four weeks to repair. Officials here declined comment on the damage.

Normally, after an abortive firing, scientists need 10 days to two weeks to prepare for another test.

In ordering renewed U.S. nuclear testing in the

Ship Dwellers In Sausalito Due Eviction

By BRUCE COLEMAN

If the Greeks can keep their ruins in Athens, then Sausalitans should be able to keep their ancient relics such as the old sailing ship, Galilee.

This is the frank opinion of wood sculptor Barney West.

He and his family, along with the Walter Leaskin family who live on the Galilee, are soon to be given eviction notices by the city. Reason: Their homes are on or above underwater Mono Street, which is city property.

Three other properties are involved; however, but only one of these is inhabited.

The move, announced last Tuesday by City Manager Charles A. Brown, is based on Marin Superior Court judgments of the spring of 1960. At that time the court told six property owners to move, mainly because of sanitary, fire and health conditions.

One resident moved. Another, Alex Georgiadis, tried to move his house on piers but it fell into the water where it now rests in dilapidated condition.

City Atty. Leland H. Jordan, said he is sending eviction notices in the mail to the city today. Present action is a followup of the court judgments of two years ago, he said. The judgment, as then, requires removal of structures.

Jordan said if the structures are not moved within two weeks, the city has the right to destroy them.

Notices, the same as in 1960, Jordan said, are to be sent to the Phoenix, on which West, his wife, Shirley, and 20-month old son, Morgan, live; Georgiadis; Philip S. and Louise R. Savage; Joe F. Perry; Manuel Figueiredo, and the Leaskins.

"The people of Greece have never considered their ancient buildings as slums," said West. "And thank God the ancients built with stone. Otherwise there would be no ruins to beautify that which was once the Golden Age of Greece.

"The only ruins we have as remains of the American past are sailing ships and log cabins, and being wood, they are so easy to burn."

Mrs. Leaskin, who lives with her photographer husband, her son, Michael, 13, and daughter, Stacy, 22 months, aboard the 150-foot Galilee, said, looking out toward the water, "I'd hate to go."

"We have been here four years," she said. "It's old (the ship) but it's not a hazard."

Her son said, "it's just like a ship but it doesn't move."

Both the Leaskins and the Wests have boats of their own tied up nearby.

Aboard the Phoenix, once wheelhouse of an old paddle wheeler, Mrs. West, who expects a second child in one month, said: "This is as beautiful a spot in the world. We're not harming anyone. My child loves it here. He can play. He gets sun. He's very happy. In high tide he runs around with a life jacket on."

The Galilee is at the end of the long wooden walkway. The other homes and arks line the walk which faces a wall and

The Galilee (at end of boardwalk) and the ark in front of it are slated for removal by the City of Sausalito because they are on an underwater street and lack sanitary facilities. The Walter Leaskin family live in the Galilee; the Barney West family, in the adjoining ark. West today protested the planned eviction as "destroying historic relice." (Independent-Journal photo)

Coroner Discloses San Rafael Tragedy

By WAT TAKESHITA

An 89-year-old retired fireman, who died at San Rafael General Hospital six weeks ago of "apparent heart attack," was electrocuted by a defective X-ray machine, the Independent-Journal learned today.

The disclosure came in a coroner's report, which lists the cause of death as "cardiac arrest due to electric shock."

Victim was Reynolds Joseph Jones, a retired San Francisco fireman, who had lived with his daughter in San Rafael and later at a local rest home. He entered San Rafael General Hospital on June 13 with a fracture of his left thigh bone.

On June 14, about 5:30 p.m., he was X-rayed in the operating room with a portable X-ray machine. The patient's right leg was still in a stirrup to elevate it out of the way of the X-ray beam.

Dr. William L. Clark's report gives this account:

"We heard a cracking or popping sound, that sounded as if possibly someone had torn a glove. At about the same moment the patient screamed once and convulsively extended and jerked his right leg up and down."

The doctor said the breathing and heart beat stopped immediately. Jones was dead.

"The patient's right leg was removed from the stirrup and placed down on the operating table. the doctor reported to the coroner. "At that time I observed a blackened area on the side of the upright post of the portable X-ray machine. This suggested the possibility of a burn of some kind."

John Prescott, administrator of the hospital, is away on vacation and could not be reached for comment. Dan E. Andersen, president of the hospital board of directors, said that the X-ray machine has been replaced, and all electrical and ground circuits checked since the tragedy.

IMMEDIATE STEPS

"We took all steps immediately to prevent any repetition of the unfortunate incident," said Andersen. He said the X-ray machine, which formerly had a two-prong plug, now has a third prong for the ground wire.

Mrs. Georgina McCartey, who is handling the duties of the administrator while Prescott is away, said the hospital owns the X-ray machines but operation is in the hands of Pinkston and Pedersen radiological laboratory.

BEFORE AUTOPSY

At the time of Jones' death, Coroner Frank J. Keaton gave "apparent heart attack" as the cause of death. He said that an autopsy would follow.

Coroner Keaton is now on vacation and is not expected back until next week.

Berber Leader In Defense Of Algeria Unity

ALGIERS (AP) — Belkacem Krim returned to Algiers today from his Berber stronghold in the Kabylie Mountains and announced he is forming a committee to defend the revolution against the power play of Ahmed Ben Bella.

Both are deputy premiers in the paralyzed provisional government of moderate Premier Ben Youssef Ben Khedda, with Ben Bella in militant opposition to that regime and Krim in vigorous support.

"We are not thinking of civil war," Krim said as troops nominally loyal to Ben Khedda labored to perfect defenses on the outskirts of the capital. "We are thinking of defense and unity."

Followers of Ben Bella, a radical already claiming control of western Algeria and some points in the east, were reported preparing to try to take over Algiers and impose their authority on the newly independent nation.

U.S. Might Offer Softer Test Ban Plan

WASHINGTON (UPI) — President John F. Kennedy summoned chief negotiator Arthur Dean from Geneva today after conferring with top aides on nuclear test detection improvements that could result in a new test offer to the Russians.

The president and his advisers spent more than an hour discussing the findings that, in the view of some officials, might enable the United States to soften its demands for inspection to enforce an atomic weapons moratorium.

Bridge Traffic Is Up But Revenue Slumps

I-J Special Report

SANTA ROSA — Traffic across the Golden Gate Bridge reached a record high of 21,377,944 vehicles in the fiscal year ending June 30, but total revenue fell slightly, the bridge board was told today.

The bridge returned a net profit of $1,759,952 during its 25th year of operation, a decrease of approximately $800,000 from the previous year.

General Manager James Adam reported 1,377,000 more vehicles across the span than in the year before; but due mainly to a reduction in commute tolls, receipts fell $65,000 to $4,820,046.

Autoists paying full toll decreased one-half of one per cent during the year. Truck traffic showed a gain of 8.7 per cent and buses also increased by half of one per cent.

This month started the new fiscal year on a record note. Sunday, July 15, set a new traffic record of 79,974 vehicles. Every Sunday in June and July this year has exceeded the 70,000 mark, Adam said.

The bridge board, meeting in Santa Rosa in joint observation of the 25th anniversary of the bridge and the Sonoma County Fair, also:

1. Noted that the Vista Point improvement contract had been let for $144,000, or $56,000 less than the estimated cost, and will consider asking the Division of Highways use the $56,000 for construction of restroom facilities at the observation point.

2. Authorized the general manager to seek possible representation of the district at the state legislature during its next session.

3. Received a report from the State Division of Highways that the bridge district owes the state $5,650,024.84 as principal and interest on a state loan to widen the Waldo Grade.

4. Were told the Marin Viaduct widening project is 89 per cent complete but the contractor will need at least until Aug. 30 to complete the work on the roadway and remove barriers.

5. Authorized the traffic engineer to bring up to date his 1961 projection of financial income and expenditures until 1971.

No Decision On 1-Way Toll

I-J Special Report

SANTA ROSA—Advisers of the Golden Gate Bridge District haven't made up their minds whether one-way tolls across the bridge are legal, but they are inclined to think they are not.

Jerome B. White, bridge attorney, told the bridge board today his firm has received a copy of the Marin County counsel's opinion that double tolls could be collected across the bridge one direction and no tolls in the other.

White said the opinion by Deputy County Counsel Douglas J. Malone was based on a general act that it was not prohibited in bridge legislation. Malone's opinion indicated that the legislation was broad enough to allow it.

White noted that his firm had given a previous written opinion that such tolls were not legal.

PUC Orders Probe Of Telephone Rates

SAN FRANCISCO (UPI)—The California Public Utilities Commission, by a 4 to 1 vote, today ordered an investigation into the rates and practices of the Pacific Telephone and Telegraph Co.

The commission, which acted on its own motion, gave no reason. Hearings were expected to be scheduled later in the year.

It was believed to have been the first time in many years that the PUC ordered an investigation of a major utility on its own motion and without having first received a large number of complaints from the public.

The forthcoming hearings could possibly receive testimony about California's all-digit dialing controversy, although the dispute was not referred to in the commission order.

Pacific Telephone received its last rate increase, amounting to 27.5 million dollars a year in 1958.

In a dissenting opinion, Commissioner C. Lyn Fox charged that today's order would encourage a "growing concern in national financial circles that the regulatory atmosphere in California is indeed unfriendly."

He stated that it appeared that the investigation was ordered because some estimates indicate that Pacific Telephone is now earning .0016 per cent in excess of its authorized 6.75 per cent rate of return. The small excess, however, would amount to many millions of dollars.

WORLD NEWS IN BRIEF

'Other Woman' Carrying On

RALEIGH, N.C. (AP)—Raising her two young sons is the primary concern of Lillian Linda Renfrew Cobb, the other woman in the double life of North Carolina Republican Chairman William E. Cobb.

Linda Cobb

"I am going to keep my children regardless of the circumstances, sink or swim," she said yesterday. "It is inevitable that there will be a change, but no plans have been made at present."

The fireworks exploded Wednesday night when Cobb admitted to newsmen he was living with her at Roanoke, Va., and with his wife and adopted son at Morganton, N. C.

Linda, a pretty blonde divorcee of 33, said she lived a "quiet and normal life" in Roanoke. Two sons, aged 20 months and two months, were born to her and Cobb here.

Cobb has said he plans to remain in Morganton and attend to his lumber business. His wife of 19 years is reported planning to stand by him.

Adventist Backs Prayer Decision

SAN FRANCISCO (UPI) — The president of the Seventh-Day Adventist- Church yesterday backed the U.S. Supreme Court decision making daily state prayers in New York public schools unconstitutional.

"I believe the place to teach religion is in private —in the home—and in the church-related school," said Reuben R. Figuhr, world leader of the sect which now operates in 196 countries.

Figuhr's remarks came in a press conference at San Francisco civic auditorium, where more than 1,000 delegates to a 10-day church conference heard him make the keynote address last night.

G.E. To Pay U.S. $7.4 Million

WASHINGTON (UPI)—The Justice Department announced today that General Electric Co. has agreed to pay $7,470,000 to the federal government to settle 11 damage suits field against it following the electrical-price fixing conspiracy.

The department said it was the largest settlement ever reached under the antitrust laws' provisions for damage suits against firms convicted of price fixing.

Thompson Leaves

MOSCOW (UPI)—U.S. Ambassador Llewellyn Thompson Jr. today ended a strenuous five-year tour of duty in Moscow during which he has been a key figure in the delicate negotiations of the cold war.

Thompson flew with his family to Copenhagen where they will board a ship for home.

The big Air Force cargo ship carrying the family and tons of household goods landed with three of the four engines running. A generator for one engine was lost before the plane left Russia.

Pig Put Out Again

TOKYO (AP) — The pig that looks like Nikita Khrushchev is back in "Pogo" again, and once more fans in Japan are denied Walt Kelly's popular American comic strip.

The Russian-speaking pig first appeared in May and the Asahi Evening News, Japan's only subscriber to "Pogo," dropped the strip after the Soviet Embassy pointed out the resemblance to the Soviet premier. When the pig departed, the strip returned to the paper.

Today the paper appeared again without "Pogo," and the editor said Kelly was once again featuring the pig.

Paintings Recovered

LONDON (UPI) — Thirty-five paintings stolen two weeks ago in Britain's first million-dollar art theft were recovered intact today in a police raid in London's seamy dock district.

Two detective sergeants of Scotland Yard's elite "flying squad" burst into a house before dawn, recovered the masterpieces and arrested two men.

The paintings are worth an estimated 1.2 million dollars.

Eva Peron Honored

BUENOS AIRES (UPI) — A crowd of about 250 people turned out last night to honor the fading memory of ousted ex-president Juan D. Peron's wife Eva on the 10th anniversary of her death.

The mourners gathered outside the labor federation building—where Mrs. Peron's body was enshrined for a time—at 8:25 p.m., the hour of her death.

They carried torches improvised from sticks and tarpaper. The crowd dispersed peaceably after a brief observance.

Toll In Floods

MANILA (UPI)—Flood-ravaged provinces of Luzon, the Philippines main island, suffered today from food shortages and faced possible outbreaks of infectious intestinal diseases, authorities said.

Unofficial reports received from the flood-stricken areas said the death toll was rising, although the rain had stopped. Some newspaper reports put the death toll as high as 121. Others said it was 67.

Steel Aide Dies

PITTSBURGH (UPI)—Howard J. McCartney, 46, public relations director of the United Steelworkers Union, died yesterday.

McCartney, who literally grew up with the United Steelworkers, suffered a heart attack at his home in suburban Pleasant Hills early Wednesday.

America Expert Dies

GLENDALE, Ariz. (UPI)—Dr. William Lytle Schurz, 75, well known authority on Latin America, died yesterday following a brief illness.

Schurz was dean of faculty of the American Institute for Foreign Trade in nearby Scottsdale which he helped found in 1946.

Death In Yosemite

YOSEMITE NATIONAL PARK (AP)—A scenic walk to the top of Sentinal Dome, a granite knob 4,100 feet over the Yosemite Valley floor, cost a Los Angeles woman her life yesterday.

As Mrs. Anna Ruby, 61, of 6452 Orange St., stood at the top, she suddenly slipped, then tumbled 200 feet down a steep slope. Firemen carried her by litter to an ambulance, but she died on the 27-mile ride to the nearest hospital.

Actor's Mother Dies

SANTA MONICA, Calif. (AP)—Nelle Reagan, 79, mother of actor Ronald Reagan, died Wednesday of a cerebral hemorrhage. She lived in Dixon, Ill.

Estes Fortune Buried In Grave?

AMARILLO, Tex. (AP)—Speculation that Billie Sol Estes hid a fortune in a pauper's grave was given in testimony at a court of inquiry yesterday.

One of three men indicted with Estes on fraud and theft charges involving millions of dollars volunteered the buried treasure suggestion at a hearing which a New York chemical firm, facing a civil anti-trust suit, tried to block.

Harold E. Orr, 31, president of Superior Manufacturing Co., said about 3.5 million dollars received by enterprises of Estes, the bankrupt West Texas financier, has disappeared.

Discussing a Pecos, Tex., mortuary owned by Estes, Orr testified he knew of only one funeral handled by it during the period the money vanished—a charity case.

"What was the place used for?" Dist. Atty. Frank Baughman asked.

"It is just my personal assumption," Orr said, "but I think it was so he could store all that loot in some poor old boy's grave."

Orr also testified:

1. Worthless notes and sales contract through which Superior Manufacturing obtained the money funneled 18 million dollars to Estes. Coleman T. McSpadden, 45, of Lubbock, majority stockholder in the firm, got two million dollars in the same manner.

2. Representatives of several finance firms were aware that thousands of fertilizer tanks on which they loaned money didn't exist.

3. Estes conferred in numerous occasions with representatives of Commercial Solvents Corp., New York supplier of anhydrous ammonia fertilizer which Estes distributed at drastically cut prices in an effort to corner the West Texas market.

4. More than one threat has been made on Orr's life since he gave FBI agents information about Estes' operations in March. He gave no details.

5. Fictitious collateral supported the notes through which Orr, McSpadden and three other men raised $380,000 to buy Superior Manufacturing Co. on April 27, 1960—the date on which other dealings in worthless securities started. Robert E. Clements of Amarillo, who sold the tank-building firm, was aware of some of these dealings.

Orr said he and Ruel W. Alexander, 36, of Amarillo, shared an $82,000 interest in Superior Manufacturing, borrowing $80,000 from Estes and putting up $2,000 out of Orr's personal savings. He said McSpadden's share was $202,000.

Other purchasers of Superior Manufacturing were listed by Orr as R. W. Davis of Fowler, Colo., $20,000; and John W. Simmons of Wildorado, Tex., $78,000.

Orr, Alexander and McSpadden have pleaded guilty to federal charges of fraud, under an indictment also naming Estes, and are awaiting sentencing. Estes also has been indicted on state charges of theft. Orr, Alexander and McSpadden are free on bond.

Waiting to testify were McSpadden, Alexander and Claude D. Lewis of Pecos, formerly a pilot for Estes and Superior Manufacturing.

Orr said representatives of Pacific Finance Co. of Los Angeles appeared at his Amarillo office last Feb. 22, told Alexander they knew everything, and demanded payment of 4.3 million dollars owed by Superior Manufacturing. At a conference the next day, Orr said he told the Pacific Finance men that Estes' storage elevators held 30 million bushels of surplus grain on which government rental payments were uncommitted.

Orr said he then saw Estes, who had told him income from the 30 million bushels of stored grain was clear.

"Estes just laughed," Orr testified, "and said: 'Man, I've got double and triple mortgages on everything I own. I don't know why I'm here. Take me to jail.' He scared all of us to death."

During the same conversation Orr said Estes told him: "I'm going to a federal pen—and I'm going to beat back home whoever takes me there."

HAFB Employee Gets Drunken Driving Fine

Francis Robert Spade, 28, of 78th Civil Engineer Squadron, Hamilton Air Force Base, must pay $166 fine and remain on six months probation for drunken driving.

Judge Leonard A. Thomas of Marin Municipal Court sentenced him yesterday for driving while intoxicated on Third Street in San Rafael on July 19.

AIR CRASH WIDOWS GET $150,000

CHICAGO (UPI)—The widows of two passengers killed in the 1960 crash of a Northwest Orient Airlines Electra near Tell City, Ind., were each awarded $150,000 settlements of damage suits yesterday.

The settlements went to Mrs. Charlotte M. Snyder, and Mrs. Marion P. Sunderlin. Last month, $642,500 was awarded to eight families of crash victims. Sixteen other damage suits are still pending.

Mrs. Snyder and Mrs. Sunderlin charged the airline with negligence and the plane manufacturers with faulty construction.

The crash claimed 63 lives.

Treasury Trying Out New Borrowing Plan

WASHINGTON (UPI) — The Treasury will try out Monday an all-purpose borrowing, the first of its kind in recent memory.

Lenders will be allowed to sign up for $8,750,000,000 of three securities — a one-year certificate of indebtedness, a six and a ½-year bond and a 30-year bond.

The Treasury's aims are fivefold:

Raising the cash necessary to pay off 7.5 billion dollars of securities maturing Aug. 15.

Stirring up long-term investing and borrowing, and thereby stimulating business. Activity in the long end of the money market has been sluggish, according to Treasury Under Secretary Robert V. Roosa.

Showing foreign bankers and worriers at home the the Treasury means to tap "real" savings as well as bank-created credit in financing the multi-billion-dollar deficit in the 1963 federal budget.

Avoiding an unwieldly overhang of short-term securities by "stretching out" the debt through sale of the bonds.

Collecting some extra cash to carry the Treasury through the summer period of slack tax collections. No further cash borrowing, apart from modest additions to the weekly sale of short-term bills, is planned until the end of September.

In announcing the terms of the refinancing late yesterday, Roosa said the Treasury "hopes to stir things up a little in the long-term market by demontrating money can and does move at this (the present) level of rates."

He explained that lenders and borrowers have refrained from making commitments because they have been waiting, respectively, for higher and lower interest rates.

By putting out intermediate, six and a half-year, and long, 30-year, bonds, the Treasury, Roosa said, was trying to catalyze inertia into activity. He did not dispute a suggestion that the Treasury's own borrowing would tend to firm rates and thus prod borrowers.

A novel feature of the treasury package was the offer to accept installment payments on the 30-year bond from savings-type investors. Payments may be made over a period of three months. Roosa said this sweetener was designed to attract money from individuals, pension funds, savings and loan associations and other non-bank lenders.

Wife In Arizona Fears Legal Technicalities To Block Plea

Birth Defects From Drug Told In New York

PHOENIX, Ariz. (AP)—An attractive Phoenix area television personality fears legal technicalities may block her plea for a legal abortion.

A hearing before Superior Court Judge Yale McFate was expected today on a suit filed by Mr. and Mrs. Robert L. Finkbine and a Phoenix hospital.

Mrs. Finkbine, known to television viewers as Sherri Chessen of "Romper Room," an award winning children's program, wants to abort her three-month pregnancy because she has taken the drug thalidomide, blamed for the births of numerous malformed babies.

The New York City Health Department said yesterday birth defects have been reported in three babies born to New York City and suburban Long Island mothers who took the tranquilizer.

A fourth child was born malformed to a New York woman who said she took sleeping pills during pregnancy, but the type of pills was not learned, the department said.

Dr. George James, New York's deputy health commissioner, said all four of the deformed children were treated at New York University for Physical Rehabilitation.

The New York City Health Department said the tranquilizer caused deformation of twins born to a Great Neck, N.Y., couple.

James said the births were this country's first reported case of deformation brought about because the mother took the drug. The parents were not identified.

The Finkbines suit seeks to have the court declare the abortion necessary to save Mrs. Finkbine's life. Arizona law allows abortion only if the life of the prospective mother is in danger.

Named as defendants are County Atty. Charles N. Ronan and Arizona Atty. Gen. Robert Pickrell.

Informed sources said county and state attorney staffs have been investigating the possibility of requesting their offices be dismissed as defendants.

Walter Chiefetz, attorney for Mr. and Mrs. Finkbine and the hospital, said, "If they have the court remove them as defendants, we're just about done as far as court action is concerned. It's a pretty tough situation right now."

With no defendants, there would be no case.

Ronan and William E. Eubank, chief assistant attorney general, would not comment.

The telephone has been ringing almost constantly at the Finkbine's suburban Scottsdale home. Most calls were from friends asking if they could help. Only one caller was antagonistic.

There were telegrams, too.

"Sherri, we love you," said a wire from a stranger. "Our prayers are with you. Can we be of any help?"

To avoid the strain, Mrs. Finkbine has been staying with a friend.

Her husband, a high school history teacher and assistant football coach, said yesterday, "We may put her back in the front lines in a day or so."

"We feel strongly we're doing the right thing for my wife's health, mentally as well as physically," he said.

Finkbine first thought his job might be endangered by the publicity, but Lloyd Bimseon, a member of the Scottsdale school board, said the board hasn't discussed the case and doesn't plan to do so.

Mrs. Finkbine stopped appearing on television Wednesday. Robert Vache, program director of KTAR-TV, said this was her decision.

"We will have to decide later what action, if any, to take," he said.

But Mrs. Finkbine said, "I consider my job already gone."

Mrs. Finkbine, mother of four children, revealed her story last Sunday, on her 30th birthday.

She discovered through a newspaper article that some tranquilizers she took in the first weeks of her pregnancy contained thalidomide, which has been linked with the births of malformed babies in Europe, Canada and Australia.

She said she took 30 to 40 tablets. Her husband obtained them while chaperoning a group of high school students in Europe last year. He got the prescription, he said, because he was keyed up after spending 18 hours a day with the teenagers.

Hub Chamber Plans New Brochure

The San Anselmo Chamber of Commerce plans to publish a new brochure which will boast the assets of the community.

Chamber directors yesterday named Edward Gates to head a committee that will prepare the brochure. The committee will meet Aug. 6.

The present brochure is five years old, chamber president Richard A. Kientz said.

Jack Phillips, chairman of the cleanup and parking committee reported he will ask the San Anselmo Rotary Club to purchase additional liter baskets for downtown sidewalks.

Directors also learned that the "Welcome to San Anselmo" sign on the Miracle Mile will be completed by the end of the month, that secretary George G. Washburn will attend a regional chamber of commerce meeting in Santa Rosa Aug. 10.

Paintings Shown In Store Window

Eight abstract oil paintings by Marin artist Gwen Stone are featured in the show windows of Modern Eve, 1021 Fourth Street, San Rafael, according to display manager Richard Russell.

Russell says the color and form of the non-representational canvases lend themselves perfectly an complementing the displays of women's wear.

Miss Stone's paintings, in addition to many gallery showings, have been on display in windows of Macy's, San Rafael and Richmond, and another group will go into the Tiki in Sausalito next Wednesday.

X-RAY

Bradley said final diagnosis of the death was not available until last Friday, when the pathologist's report reached his office. He said the report and caused of death was furnished immediately after that to members of Jones's family.

Dr. Calvin Plumhof, pathologist, said he found a "burn" area on the right upper thigh of the victim about two and five-eighth inches by one and one-half inches.

The coroner had the X-ray machine taken to L.O.B. Linstrom of San Francisco, consulting engineer, for examination and tests.

Lindstrom's report, received by the coroner on July 9, indicates that there was a broken wire inside the control box of the machine.

"Since this wire is at a potential of about 90 volts, with an input power source of 115, there could have been a loose and erratic touching contact of the wire to the case," Lindstrom said. "However, with a good ground contact at the input plug, the result would have been only a blown fuse."

Lindstrom reommended that the input cable be replaced with a three-conductor cable, plug, and a corresponding receptacle. "This automatically gives a ground connection by inserting the one plug," he wrote.

He recommended that all ground conductors and connections in the cables be thoroughly checked and tested, and that ground circuits at the hospital be checked to be sure they are effective.

Hospital officials said the recommendations have been carried out, and all precautions taken for the safety of patients.

Jones, the victim, had been a fireman in San Francisco for about 40 years. As a youth, he broke horses for San Francisco fire wagons. His wife died in 1957, and he lived with his daughter, Mrs. Robert M. Ward of 105 Oakmont Avenue in San Rafael, and later at a rest home.

plantings adjoining the Associated Dredging Co. West said "We're thinking of having art shows along the fence and having them open to the public." He said he would like to see one of the empty houses used as a gallery.

One of the houses is owned by Eugene De Prado of Sausalito and is being lived in by Pat Moran. However, according to De Prado, this house is not on city property.

Mayor Paul Micou said the city does not wish to fill the street in, but that it must be kept clear for storm water runoff.

"The city is carrying on its long standing policy to clean up the area. All of the structures are on city property," said Micou. They are very poor and sanitary, fire and health hazards are presented, he declared.

West said Mono Street residents use sanitary facilities on the land at Associated Dredging and only shower and dish water goes into the bay.

atmosphere the president said last March that the series would be completed "as quickly as possible," within two or three months. The first test was conducted April 25. Thus, the three-month mark was passed three days ago.

Originally, three and possibly four high altitude tests were planned. So far, there has been only one such successful shot-detonation July 9 of a thermonuclear device 210 miles over Johnston. Besides Wednesday night, there were high altitude test failures June 4 and June 19.

It appears possible that scientists may try to meet remaining test objectives in a single shot.

Sources in Honolulu said, meanwhile, that scientists want at least one more successful test to probe the ionosphere and the Van Allen Radiation Belt and to determine whether such explosions could be used to screen sneak missile attacks.

There has been no official explanation of the reason for the deliberate destruction Wednesday night of the Thor rocket which was to have carried a nuclear warhead aloft. One report here said it was caused by "human error" on the part of a civilian technician during pre-launch preparations.

The AEC said there was no nuclear detonation, nor immediate report of injury to personnel.

Thor missiles were used in all four high altitude attempts. Despite the three mishaps, Air Force officers remain convinced that U.S. war missiles are highly reliable.

Mrs. Duncan Will Be 4th Woman To Die In Gas Chamber

On the surface there is not much difference between Mrs. Elizabeth Duncan and millions of other American women in their late 50's—plump, bespectacled, fond of gardening, devoted to her son.

But there is one vital difference: Unless clemency is granted at a hearing beginning next week, Mrs. Duncan will be executed Aug. 8 for murder—the fourth woman to die in the gas chamber at San Quentin Prison.

At the California Institution for Women in Corona, where she is now held, 57-year-old "Mother" Duncan maintains her routine and her composure. She plays cards, watches television and gardens under the scrutiny of guards.

And as ever, she looks forward to frequent visits from her 33-year-old son Frank, for whose love she killed.

Her crime was the act of a mother so jealous she could not tolerate sharing her son —even with his wife.

In 1958 she hired Luis Moya and Augustine Baldonado, men who would kill for a price, to murder Frank's wife, Olga. Olga, who had been a nurse before her marriage, was 30 and pregnant with Mrs. Duncan's first grandchild.

Moya and Baldonado lured Olga out of her Santa Barbara apartment on the pretense that her husband was waiting outside. They then beat and strangled her, burying her body in a shallow grave. This was the night of Nov. 17, 1958.

The two men, promised $6,000 for the job by Mrs. Duncan, had used a rented car during the slaying, and the discovery of bloodstains on the upholstery led to their arrest. They confessed and told Ventura County officers that Mrs. Duncan had hired them.

The only women to have been executed in San Quentin's greenish-gray gas chamber were Barbara Graham in 1956, Louise Peete in 1947 and Juanita (The Duchess) Spinelli in 1941.

Carole Tregoff, the paramour of Dr. Bernard Finch and Finch's partner in the murder of his estranged wife, was convicted of first degree murder but sentenced to life imprisonment, as was Finch.

Miss Graham, best-known of the three, was executed with Jack Santo and Emmett Perkins for the pistol-whip murder of Mabel Monahan, a wealthy Burbank widow whom they were trying to rob.

Juanita Spinelli died for ordering the murder of a member of her San Francisco-based robbery gang, and Mrs. Peete, plump and matronly like Mrs. Duncan, went to the gas chamber for slaying a Southern California real estate woman.

If Mrs. Duncan, Moya and Baldonado enter the gas chamber Aug. 8, as they are scheduled to do, it would be the first triple execution since Barbara Graham and her two crime partners died.

"Mother" Duncan was convicted of first degree murder in March, 1959. Moya and Baldonado were found guilty a month later in separate trials. Mrs. Duncan pleaded innocent by reason of insanity, but the two hired killers pleaded guilty and asked the court for mercy.

Their execution was first scheduled for June 1960, but it was stayed by U.S. Supreme Court Justice William O. Douglas. The second date, following a series of unsuccessful appeals, was Aug. 16, 1961. This was automatically delayed when an appeal was granted by U.S. District Judge Thurmond Clark in Los Angeles.

The final round of appeals ran out in June and the original trial court in Ventura set the new execution date.

The most tragic figure in the Duncan case is Frank Duncan, an attorney in Santa Barbara. Frank sided with his mother throughout the case and helped in several appeals. Mrs. Duncan's confidence in her son has never waned, and in the courtroom she would applaud when Frank scored a legal point — just as she did before he was married.

Gov. Edmund G. Brown, an acknowledged foe of the death penalty, faces the decision of whether or not to grant clemency after the Los Angeles hearing.

Mrs. Duncan would be the first woman executed during his administration, and this would also mark the first triple execution during his three and a half years in office.

In an election year, and with memories of the Chessman furor still lingering, Brown is up against one of the toughest decisions of his career.

DINING OUT AND INNS

By HARRY CRAFT

Summertime And Livin' Is Easy —But It's Certainly Not Slow

Cuff notes at **Rubini's:**

Who said summer is a slow time for dining out? It doesn't show here.

The little girl, about 4, at the next table, wide-eyed with wonder and questions about her mother's order of escargots. She had to try one. So then did father. Mother also had one or two—and the shells. Another mystery to be explained—why do they put frilled panties on the lambchops. Why do they, anyway?

The couple in the corner. Isn't there always a couple in the corner? Both looking as though this was not their first dinner together. But no one was fooled.

I knew there was someone in the county who added just a dash of curry powder to the salad dressing but had forgotten where. Gordon Jones is the one. Maybe there are others.

"Average an hour's use of a table by each party," **Dick Templeton** says. An hour? Must be more than that. That foursome over there came in before we did and lingered after we left. I tried to outdawdle them with three cups of coffee, but couldn't win.

Pictures displayed until Aug. 6 are those of **Howard Gilligan.** Then come the works of **Carol Gessing** for another month.

Still crowding in when we went out the door. Who said summer is slow in dining out?

LA CASA MARIN — a new name for an old place. Formerly **Little Sweden** and **Maison Marin** before that. On the hilltop above Lamont Street, Novato—off Highway 101.

We've been told it's going to be opened for dinners again about the middle of August under the management of **Jim Lawrence** of San Anselmo, former restaurant man of Lake Tahoe and Las Vegas.

Remodeling and painting now in progress. Dinners (steaks and seafoods) will be served seven days a week 4 p.m. to midnight. Bar (now in operation) will serve from 11 a.m. to 2 a.m.

CHINESE FOOD? Why not try **Travelers Inn?** Clean, neat, good selection of the delicious standbys, inexpensive. **Jim Louie** doesn't show up much here anymore but his son **Kevin** who manages the restaurant has a flair for it. American food, too.

LIKE DANCING? The **Candlestick Room** at the **Country Club Bowl** in San Rafael is the place to go.

Harry (Daddy-O) Gibson's trio provides the music every night but Sunday. Gibson, an organist of unusual talent and versatility, is supported by drums and doubling in clarinet and sax.

The music's smooth—not just for the twist. Older folks like it. And Gibson's a good vocalist.

Make it for dinner at **Gourmet Joe's** at the same time.

PRACTICALLY BAY-WIDE. Invitational Dinners, Inc., with its dinner books now spreads from Sonoma County to San Jose and in the East Bay. Latest restaurant addition is **La Fiesta Room** in the Fairmont, San Francisco.

Each check in the book lists a restaurant and the price of the dinner with menu suggestion; with the purchase of a dinner of equal value gives you two for one. California taxes, cover charges and beverages not included.

Fine chance to spread yourself around.

Marin County listings: **Confucius, Colonel's Ranch Wagon, Cloud 5, Embers, Franchini's Chateau, Palate, Rancho Nicasio, Rubini's, Sam's** and the **Trident. Chef Cardini's** in the Valley of the Moon is the most northern spot.

MENU EXPANSION at **Le Chalet,** Santa Venetia, is almost as large as the place itself. Where does the room for it come from?

But the selections are good and the prices are right. And it's fast becoming a favorite of many.

A half dozen of the dinners are no more than $2.75 complete; others, including French and Basque specialties and New York steaks run up to a top of $4.

Wines heavily on the imported side. Selections from France, Portugal, Spain, Italy and Denmark. Champagne cocktails and a popular house specialty, Chalet cocktail.

Lunches: Hot and cold sandwiches, salads and quite a variety of omelettes.

Outside tables in the front give it more of a European flavor than ever and on Sunday these are crowded.

IN SAN FRANCISCO, Munequita, the Chilean gal who hit it off in the reopening show at the **Sinaloa,** has completed a Las Vegas engagement and will return to the Powell Street cantina Aug. 1.

Mexican vocalist **Raul Martinez,** Flamenco experts **Soler** and **Lorca,** interpretive dancers **Rosario** and **Mario** and emcee **Armando Duval** are held over. Three shows nightly, seven days a week.

POTPOURRI. The chicken fricassee and dumplings, request return at **Franchini's**

WINE CORNER

Some Good Ways To Enliven Food

A modern oenophile described wine as food's fourth dimension. Either when used in preparing it or as a mealtime beverage. The alcohol evaporates in cooking but the flavor doesn't. Nor the digestive benefits.

Here are a few suggestions to liven up some of your favorite dishes.

Outdoor meal. Begin with an ordinary can be beans. But season them with a third of a cup of Sherry, a spoonful or two of brown sugar, some dry mustard and a teaspoon of instant coffee powder.

The sherry and instant coffee give a rich nutty flavor, impossible to identify but easy to enjoy—like kissing a girl at a masquerade ball.

Barbecue sauce. Here's a marinade-baste for chicken:

One cup of Sauterne or other white dinner wine, one-half cup of soy sauce, one teaspoon powdered sugar and one clove of garlic, crushed. Shake in a covered jar until blended. Pour it over the chicken which you should have either in halves or pieces, in a glass or porcelain container. Put in the refrigerator overnight or at least several hours.

When ready to barbecue, drain the chicken and grill over a charcoal fire, basting with what's left of the marinade. If you like the chicken glazed, add one-half cup of honey to the marinade before you baste.

Also marinate fresh fish in wine before you cook it—and then baste with the marinade. You'll get a subtle seasoning that will have your family saying, "How did you make it taste so good?"

When fish are taken from the water they have little smell. But microscopic organisms begin to grow in no time. They cause olfactory trauma. One way to battle the bacteria is to keep the fish very cold. Another is to cover with a dry white wine. The mild acidity does the trick. Even if that extra fishy taste and odor have already developed, the wine moves right in to kill it.

A hot-weather dessert. Chill fresh peaches, figs and strawberries and slice into a serving dish. Pour on an ice-cold Rose. For more sweetness, use chilled Port.

Homestead Players Workshop Slated

The Homestead Players will hold a Shakespearean workshop evening at 8 p.m. Aug. 1 in Brown's Hall in Mill Valley.

Scenes from various Shakespearean plays will be read and acted. Marin County residents interested in acting, directing or listening are invited to bring their friends and copies of Shakespeare, according to president Barbara Aleshire.

The event is the preliminary workshop to the Players' next production, "Scenes From Shakespeare," scheduled for two Sunday afternoons in September in Stolte's Grove.

West End Villa . . . **Zareh Surabian** at the **Embers** piano . . . The **Conglomeration** at 39 Caledonia, Sausalito, run by **Steve McMichael** and **Dave Otis.** A good drop-in after the show . . . Nothing wrong with **Willis Evans'** cooking at **Nave Bowl.** The Naves are happy with it.

Petaluma will stage its first "Old Adobe Fiesta," Aug. 18-19. And on the Russian River, there'll be free square dancing all month long, Monday nights at Rio Nido, Wednesdays and Fridays at Guerneville.

Water District To Call For Bids

Directors of the Marin Municipal Water District at their regular meeting Wednesday afternoon called for bids Aug. 8 on an estimate $94,000 worth of pipe needed to serve new developments and improve the system.

In other action the board rejected two bids for fish traps at Nicasio Lake on the ground that not enough bids were offered. New bids were called for Aug. 22.

The board accepted General Chemical Company's bid to sell the district alum for water treatment at $43.39 a ton. It also accepted the bid of Groeniger Co. to supply valves at $2,020.60.

Assessment Protests In Marin Decline

A steady decline in assessment protests has been recorded in Marin County over the past three years, it was calculated today by the county assessor's office.

In 1960 a total of 257 appeals were made by 218 owners who appealed to county supervisors sitting as a board of equalization. Last year the number dropped to 160 appeals from 145 owners. The total number of appeals this year was 115 from 83 owners, but only 110 protests were considered because three were withdrawn and two owners failed to show up for hearings.

Each year a considerable number of adjustments have been made between assessor and property owner, requiring only ratification by the board. Last of the hearings was completed yesterday morning but the supervisors continue to visit certain properties for inspection in cases held under advisement.

Largest number of appeals by any property owner this year was 13 filed by Richardson Bay yacht harbor operator George Kappas. He failed to get any relief from the hearings.

Biggest contested action, appeal by American Distilling Co. over a $10,500 difference with the assessor concerning rye and bourbon whisky in process of aging, resulted in similar victory for the assessor.

1st Marin Italian Delicatessen Changes Hands After 40 Years

A pioneer San Rafael Italian delicatessen store, Bissola's, at 1569 Fourth Street for the past 40 years, has passed over to new and younger hands after nearly a half century.

Jack Risso, Marin musician and former tax man in the county assessor's office, has purchased the "old world" store at the corner of F Street which for the past several years has gone under the name of Paul's Market.

Gourmet D'Italia is the new name Risso, 34, and his wife, Joel, 26, have given the historic corner store.

Tomorrow will be "free-sampling open house" day at the store to celebrate the change of ownership. Friends and customers and would-be customers are invited from 8 a.m. to 6 p.m., said Risso.

The new owners have remodeled the delicatessen and will continue the stocks of Italian cheeses, cold meats, bulk spaghetti and macaroni and wines which have made the place well known.

Additionally, the Risso's will put in new supplies of gourmet items, including swiss sausages, imported hams and salamis, home-made patato salads, canalonis (stuffed macaroni), special wine vinegars, and Napa Valley wines.

While improving the quarters with new paint, floors and counter displays, the Risso's will maintain the store's "old world charm" and "country store" atmosphere.

Theresa Schaefer, bookkeeper for the Paul Bissolas for 20 years, will continue under the Rissos.

Mrs. Schaefer, who fills the role of store historian as well, said the establishment was Marin's first Italian delicatessen some 45 years ago, at a location further west on Fourth Street. In partnership with the Bissolas during those early days was the Casartelli family of San Rafael. The Bissolas bought their interest in 1942 and moved to the present location.

The Bissolas were known during those days particularly for their home-made Italian sausages.

The Risso family home at 12 Latham Street is just a few doors from the Bissolas at 32 Latham. So is Mrs. Schaefer's home, at 25 Latham.

Economic Conference Slated For Aug. 10

A conference on economic and industrial development will be held during a dinner starting at 7 p.m. Aug. 10 at the El Rancho Motor Lodge approximately one mile south of Santa Rosa.

Five speakers from various state commercial organizations will discuss approaches to promoting economic and industrial development. The conference is sponsored jointly by the Marin County Development Assn. and various chambers of commerce in the North Bay area.

Hospital Death Suit Filed For Half A Million

A half-million-dollar damage suit was filed in Marin Superior Court yesterday for the death of a Mill Valley importer, who jumped out a window of the Ross General Hospital phychiatric wing on July 13.

Kurt Meier, 52, of 16 Hill Street, Mill Valley, died instantly of skull fracture after the 14-foot plunge.

Mrs. Erika Meier and her children, Robert, 13, and Patricia, 9, filed the suit against the hospital and several John Does through attorney John G. Buresh.

The complaint alleges that Meier was known to have suicidal tendencies when he entered the hospital, and hospital officials were negligent in not taking proper precautions such as securing all windows and providing constant watch.

Mrs. Meier seeks $300,000 for herself and $100,000 each for their two children.

Meier operated K. Myers Imported Fabrics in Mill Valley.

RESEARCH ON CONVICTS

Women's Birth Control Drug Shown Also To Work For Men

SEATTLE, Wash. (UPI) — A simple compound taken by women to prevent pregnancy appears to have the qualities of increasing fertility threefold when taken by men, Dr. Carl G. Heller said today.

The compound, known to chemists as norethandrolone and to the general public by several trade names, suppresses fertility in men while being taken. But when the treatment ceases, fertility is increased by as much as three times, Dr. Heller said his preliminary studies showed.

Heller, a physician in both Seattle and Portland, Ore., said his research into the uses of the drug was not complete, but that preliminary tests conducted on Oregon State Penitentiary convict volunteers here indicated that the compound could be used practically for birth control.

He said these pills are quite commonly used by women. But it was not until their use was transferred to men that their dual role was revealed.

"We have not completely analyzed the data, but we know it is more successful than any previous methods that have been studied," he said.

He said that 39 per cent of patients studied who had virtually no chance of pregnancy without help, were able to have children after using the compound.

Discovery of the phenomenon came by chance, Dr. Heller said, while he and his associates at the Pacific Northwest Research Foundation were studying pituitary gland activity and hormone production. The studies are financed largely by the National Institute of Health of the U.S. Public Health Service.

Heller pointed out that he and his associates are physiologists and chemists concerned with the science of endocrinology. The effect the studies might have on mankind in general he leaves up to the social scientists.

Convicts are used for the tests he said because they are available over a long period of time and can be found when they are wanted. They get paid in cash, not in time off their sentences.

Heller said the volunteers are fully protected and there was no danger of their reproductive ability being impaired by the tests. In fact, he added, that some of the convicts who had taken the pills for six to 12 weeks and then layed off found 10 to 20 weeks later they were three times as potent, and there was absolutely no damage to their reproductive organs.

The foundation's study also involves a compound known as diamines, which also suppresses fertility. The governments of India and Pakistan are interested in this study and have indicated they plan to pattern their research after that of Heller's group.

This drug, which is also being tested on convicts, leaves patients with a complete intolerance to alcohol. In other words, anyone who takes the drug and then drinks alcohol in any form becomes quite sick.

"Even a half a glass of beer will do the trick," Dr. Heller said.

Complete testing of the effects of diamines requires a country where alcohol is taboo, such as India and Islamic Pakistan.

Paroled Convict Loses Gun Battle With Police

CONCORD (UPI)—An ex-convict, paroled from San Quentin Prison last month, lost a gun battle with two Concord policemen yesterday.

James D. Bedford, 25, of Pittsburg, died at Contra Costa Hospital in Martinez where he was taken with two bullet wounds in the head, two in the chest, one in the stomach and one in the arm.

Policeman Ralph Lamb, 34, was hit in the chest by a bullet from Bedford's .22-caliber revolver, but the wound was not serious, according to the hospital.

Lamb and Sgt. Harold Salisbury, 41, were on patrol early yesterday when they saw Bedford slumped over the wheel of his automobile.

They were about to give him a sobriety test when Bedford wheeled around and pointed his pistol at the men.

Lamb told him to put the gun down, but Bedford began firing instead. Salisbury took cover behind the automobile and returned fire.

Bedford was on parole from a five years to life sentence for first degree robbery in Oakland.

Schools' Budget Up $4,000

Bolinas-Stinson Union School District trustees Wednesday night upped their tentative 1962-63 budget about $4,000 over a tentative budget set June 27. The proposed budget now is $97,879.

Trustees will hold another budget hearing Aug. 1 and expect to adopt their final budget Aug. 8, according to Clerk Arthur E. Carpenter.

The board will try to hold its $1.10 per $100 assessed valuation tax rate, Carpenter said. Total tax rate now is $1.10 plus a six-cent override or $1.16.

Last year's budget was $82,545. Main reasons for the increase, Carpenter said, are increased teachers salaries plus $5,000 added to the building fund.

The board has requested applications for a new bus driver. Former bus driver, Mrs. Mary Texeira resigned in June.

Fairfax Zoning Board Named

A Fairfax zoning adjustment board, provided for in the new zoning ordinance adopted in December, was appointed yesterday by Dan Miller, chairman of the Fairfax Planning Commission.

Chairman of the board is Planning Commissioner Roland Watts. Other members are planning commissioner Robert Peterson, and Rolfe M. Ockenden,, newly appointed building inspector.

The board, which will consider variances and conditional zoning permits, is scheduled to meet the third Thursday of each month at 8 p.m. in the council chambers.

Novato Workman Injured In Fall

Earl Mahaffey, 40, of 670 Trumball Road, Novato, broke his left leg and cut his scalp in a fall Wednesday from a scaffold at the Rosalind School in Santa Rosa, Novato General Hospital reported.

Mahaffy was transferred from Sonoma County Hospital. His condition was reported as satisfactory today.

Haircuts Going Up In San Francisco

San Francisco barbers, following the path cut by Marin County barbers two weeks ago, will raise the price of haircuts next Wednesday from $2 to $2.25.

Barbers and Beauticians Union, Local 148 approved the increase in a meeting in San Francisco last night. Marin barbers raised their prices July 15.

Scholarships Available At Sonoma State

Eligible Marin students attending Sonoma State College may apply for six different student loans or one $200 scholarship offered by service clubs, teachers associations and the government.

Deadline for application for the $200 Summit Savings and Loan Assn. scholarship is Sept. 1.

A $25,000 loan fund has been allocated to the college under the National Defense Student Loan Program. Students in any major field are eligible to apply but priority is given majors in education, engineering, mathematics, sciences and modern foreign languages.

Students who go on to teach for five years are not required to pay back half the loan. A reduction of 10 per cent of the total loan is made for each of the five years they teach. Three per cent interest is charged.

Applications for fall semester loans will be taken until Aug. 1.

Students doing practice teaching may apply for a loan from the $1,000 Theodore Braga Memorial Loan Fund.

Senior education majors may apply for loans from the Mrs. Charlie May Cleveland Memorial Fund.

Junior and senior students in good academic standing who plan to teach may obtain loans through the California Retired Teachers Assn. Loan Fund.

Needy and deserving students may borrow from a $1,000 loan fund established by the Sonoma County Board of Realtors. Applications may be filed at any time.

Maximum loans of $100 are available through the Petaluma Rotary Club Student Loan Fund, according to Mrs. Arlene Pearson, scholarship and loan secretary at the college.

Car Crashes Traffic Pole

A Sleepy Hollow resident's car mowed down a traffic signal pole at Sir Francis Drake Boulevard and La Cuesta Drive, entrance to Greenbrae, shortly after midnight yesterday.

Vernon F. Smith of 241 Fawn Drive was treated at Marin General Hospital for cuts on his chin and face.

Smith had left Highway 101 at the Greenbrae intersection. His car swerved left, and sheared off the signal pole. He told the California Highway Patrol another car had menaced him emerging from La Cuesta.

U.S. May Pull Out Nuclear Rockets From NATO Units

PARIS (UPI) — The United States may pull its medium-range nuclear rockets out of Europe after Gen. Lauris Norstad gives up his job as allied supreme commander Nov. 1, responsible western diplomatic sources said today.

Instead, the sources said, America's medium-range nuclear deterrent in Europe would be based on a fleet of atomic submarines packing Polaris missiles.

The possibility of such a major American strategy switch had been considered by the North Atlantic Treaty Organization (NATO) Council for some time, the sources said.

The plan, however, ran into major difficulties.

The NATO council has been unable so far to find an answer to the question how 15 separate fingers could control the nuclear trigger. French president Charles de Gaulle's decision to build up a separate national nuclear striking force for France complicated the problem.

Finally, the Kennedy administration viewed with disfavor the idea of making NATO a nuclear power itself. The Pentagon's policy has been to keep the western nuclear deterrent as far as possible in American hands, while leaving the European NATO members to build up a powerful conventional "shield" force of ground troops.

This policy clash was reported to have been one of the main reasons for Norstad's recent resignation.

Diplomats here said Norstad's departure would clear the decks for an American policy switch under which existing medium-range rockets in Europe would be replaced on submarine-borne Polaris missiles.

Thieves Hit Doctor's Office

A neat job of ransacking cabinets and drawers in a San Rafael doctor's office left thieves empty handed, San Rafael police reported today.

The latest in the rash of burglaries of medical supplies was attempted in the office of Dr. Robert C. West at 612 D Street, San Rafael, between 6 p.m. Wednesday and 9 a.m. yesterday.

The building was entered by forcing open a louvered window, which is concealed from the street by a five-foot fence.

Except for one desk drawer from the receptionist's desk being left lying on the floor, police said the ransacked office was left in a neat condition. Nothing was reported taken.

Burglaries of medical offices in San Rafael and Mill Valley between July 14 and 16 yielded hypodermic needles and some drugs, including narcotics.

Two Yanks Wounded In Viet Nam

NHA TRANG, Viet Nam (AP) —Two U.S. Army majors were wounded July 17 while helping with evacuation of wounded Maj. Robert A. Bartlet, 36, of California and Maj. Dan Baldwin (hometowns unavailable).

Both suffered foot wounds from stepping on Viet Cong spike traps. They were moved to an Army Hospital in Saigon. Baldwin returned to duty Wednesday. Bartelt will remain hospitalized several weeks.

Bartelt, a special forces adviser, and Baldwin, an airborne adviser, were escorting five wounded Vietnamese soldiers from the jungle and were running toward the helicopter landing pad when they stepped on the spikes. Bartelt suffered a severed artery, but the other wounded major applied a tourniquet.

Youth Is Injured

David Leland Jensen, 18, of San Quentin Village was treated for two deep cuts on his forehead early today at San Rafael General Hospital after a 200-pound metal cone fell off a fork lift and struck him while he was working at Dumont Manufacturing Corp. 607 Irwin Street, San Rafael.

Sen. Morse Filibusting Satellite Bill

WASHINGTON (UPI)—A filibuster by liberal Democrats opposing the administration's communications satellite bill today put sand into the bearings of the Senate's machinery.

Almost all Senate committee meetings were canceled as Wayne Morse, (D-Ore.) took the floor for a long day of talk against the bill.

Senate Democratic leader Mike Mansfield, Mont., scheduled an overtime session to make up for time lost because of the talkathon. Mansfield also said the Senate would run late tonight.

The Democratic leader's announcement underscored a statement by Democratic whip Hubert H. Humphrey, Minn., that the administration is committed to the bill and will not be shaken by filibuster tactics.

Morse, speaking to a near-empty chamber, said opponents of the bill hoped to have it shelved until after the November elections. Failing that, he said, they hoped to force further committee study and some amendment to create a privately owned, government regulated communications satellite program.

The opposition group contends the bill amounts to a "give-away" of future space communications resources to private interests—particularly to American Telephone and Telegraph Company which financed the Telstar satellite.

Other developments:

Shelters—The House Appropriations Committee dropped a blockbuster on President John F. Kennedy's fallout shelter program. It not only denied the 568 million dollars he asked for mass shelter construction, but also recommended withdrawal of limited funds previously allowed for that purpose. It also wrote into the measure a ban on construction of all federal shelters which lack specific authorization from congress.

Appropriations — Action needed to keep many federal agencies going on a temporary basis was blocked by the filibuster in the Senate. A resolution to finance the agencies through August at the same level as the past fiscal year was passed by the House yesterday and approved by the Senate Appropriations Committee today. But filibustering senators refused to stop talking to allow action by the full Senate.

David Michael Winter, son of Mr. and Mrs. William Winter of Kentfield, and William George Thomson, son of Mrs. George Thomson of Inverness, will receive bachelor of science degrees in marine engineering and third assistant engineer licenses.

No Park Meeting

The Corte Madera Park and Recreation Commission did not meet Wednesday night because of failure to get a quorum. The meeting was rescheduled for 7:30 p.m. next Wednesday in town hall.

Macmillan Backed

LONDON (UPI)—A substantial parliamentary vote of confidence for Prime Minister Harold Macmillan went a long way today toward restoring Conservative Party unity that had been shaken by his drastic government shuffle.

There was not a single Tory abstention last night as the House of Commons voted 351 to 252 against a Labor Party motion demanding his resignation and new national elections.

Even former Chancellor of the Exchequer Selwyn Lloyd, one of the seven cabinet ministers axed two weeks ago, voted with his prime minister.

Red Foe Dies

HOLLYWOOD (UPI) — Matt Cvetic, former counterspy for the Federal Bureau of Investigation and long-time foe of communism, died yesterday of a heart attack. Cvetic, 53, collapsed while waiting to take a test for his first California driver's license.

Cvetic described his work in the 1940s as a counterspy for the FBI in his book, "The Big Decision."

We licked crabgrass the easy way in grass and dichondra

CLOUT® does in minutes what hours of hard work never did

Digging out crabgrass by hand is back breaking. But even that isn't the worst of it. The sad truth is that it doesn't work.

Digging simply brings thousands of buried crabgrass seeds to the surface. You get six new plants for every one you pull up. Thus all the hard labor goes for nothing.

But research has found an easier way and an *effective* way of getting rid of summer crabgrass in grass or dichondra lawns. It is an exclusive development of Scotts, the lawn people, and has been used by several million lawn owners. It is called CLOUT.

Using CLOUT is about as simple as anything can be. You simply pour a bag of it into a Scotts Spreader, set the dial — and go. Takes only a half hour for a 5000 sq ft lawn. Costs less than ⅓¢ per sq ft.

At first the crabgrass begins to lose color, turn brown and shrivel. The second application, a week later, completes the job. Satisfaction guaranteed or your money refunded.

But don't delay. Don't give crabgrass the chance to spread and smother out dichondra and the good grass. Get rid of it with CLOUT right now.

There is a Scotts dealer near you. He can supply CLOUT and answer your lawn questions.

Showdown In L.A.—Marichal Duels Podres Tonight

LOS ANGELES (AP)—The Los Angeles Dodgers and San Francisco Giants, who to date have choked off the challenge of the other teams in the National League, open a three-game series tonight that is obviously a vital collision.

The Dodgers hold a lead of just one game over San Francisco in the bitter pennant race.

A turn-away crowd is expected to pack the 55,000-capacity Dodger Stadium. The same situation, a delightful experience for the Dodger management, doubtless will prevail tomorrow night and Sunday afternoon.

Southpaw Johnny Podres (6-7), who has had his problems this year, is the Dodger choice for mound duty, facing Juan Marichal (13-6), a slender right-hander.

Marichal defeated Los Angeles in his one appearance against them this year, at San Francisco when the clubs split a four-game series.

Podres is 0-1 against the Giants, the one club in the league which is in front of him over the years.

The word here is that Manager Alvin Dark's Giants are pretty sound physically but the Dodgers are hurting in at least two positions.

Strikeout king Sandy Koufax is still nursing a painful finger on his pitching hand. He is expected to be in uniform but he won't see action.

SERIES ON TV

All three Giant-Dodger games will be televised to the Bay Area by KTVU, Channel 2. Tonight's TV show starts at 7:30 o'clock.

Maury Wills, the base-stealing little shortstop, and new home run king of the club, has a leg muscle ailment that is causing Manager Walter Alston considerable concern.

Wills, who hit four homers on the recent road trip to bring his total to six for the year, has indicated he would just as soon sit out the All-Star game next week at Chicago.

Wills, incidentally, hit his first and only home run in major league ball last year. It was a blow something less than a blast over the famed left field screen in Memorial Coliseum here.

With Koufax on the bench and the pitching rotation reduced to three hurlers—Podres, Stan Williams and Don Drysdale—Los Angeles is confronted with the Giants' vaunted batting power.

This year the Dodgers have won five of their eight tussles with San Francisco but the ever-threatening Willie Mays, Orlando Cepeda, Felipe Alou and other Giants remain handle-with-care articles.

The Dodgers have something of a one-man counter-attack as far as the Giants are concerned. Tommy Davis, second to Stan Musial for batting honors in the league, leads the loop in runs batted in, with 103.

But against the Giants Davis has batted a spectacular .515. Included were four home runs and 14 runs batted in.

Mays is second to Davis in the RBI department, with 91; Cepeda has whacked in 77, and the two have accounted for 52 home runs, 31 of them by Willie.

Dark selected Bob Bolin to go against Williams Saturday night, and it will be Jack Sanford for San Francisco against 18-game winner Drysdale Sunday.

Giants Weakened By Removal Of McCovey Against Lefty Pitching

CONNOLLY

Would you say that Willie McCovey is weak against lefthanded pitching?

If you are inclined that way, you are probably one of those fans who never dreamed "Lovey Dovey" could ever make the outfield. And he has.

Today the former loose jointed first baseman is no longer a "boob" at fly chasing. Some, in fact, say he is a better outfielder NOW than Orlando Cepeda was anytime last year, if that comparison means anything.

Undoubtedly McCovey's removal from the lineup against southpaw pitching hurts the Giants. He carries a badly needed punch and always is a homerun threat. I've seen him hit home runs off Warren Spahn, one of the league's best.

It isn't so much McCovey being yanked that annoys, but rather the inferiority pattern involved. Willie could develop a complex there that would limit his worth to any big league club. And I don't think he's that bad against lefthanders. I believe if he was used oftener, he'd soon overcome whatever weakness he has and come to like the lefthanders.

TO McCOVEY, who has worked himself into a frenzy to get polish that would induce Manager Al Dark to play him in the outfield, this removal from the lineup against lefthanders presents him with a problem he may not be able to handle.

"I'm flattered to be used as often in the outfield," Willie explains, defending the Giants. "And I'm not hurt by a great ball player like Harvey Kuenn replacing me. In fact I'm real lucky Kuenn isn't five years younger or maybe I'd be off the club altogether."

Friends of McCovey give Willie Mays a lot of the credit for his improvement in the outfield.

"I'M NOW beginning to think of the things Mays has told me, even before he repeats to me," McCovey pleasantly recalls.

"For awhile I couldn't hear Willie screaming, but now I get it because he has told me so often, and been right so often, that I'm commencing to wonder if he isn't a fortune teller. It is uncanny how Mays places me in the right spot for hitters. When he first started giving me advice I hesitated because I figured Willie was telling me where he would play, if he was in my place. I knew I never could do the things he did, so I hesitated. But no more. When Willie speaks I just do it automatically. I'm sure lucky to have a friend like him beside me."

Another Giant player who, like McCovey, pays a compliment, is Jimmy Davenport, third sacker.

DAVENPORT CAN'T speak too highly of what he has learned from Harvey Kuenn, his roomie this year.

"Harvey taught me to hit behind the runner and gave me a lot of his own secrets about offering at bad pitches. I consider those factors has helped me greatly this year," Davenport relates.

Well, it's nice to know the players involved like their work and their teachers. And for your information McCovey and Davenport, this year, are the two most improved men in the lineup, offensively and defensively.

S.F. TITLE GO POSTPONED TO SEPT. 12

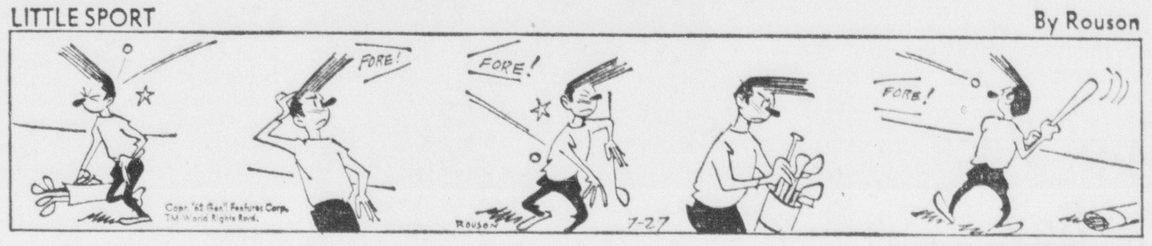
WEST JORDAN, Utah (AP)—The Aug. 27 middleweight title fight between champion Gene Fullmer and Dick Tiger has been postponed to Sept. 12, Marv Jenson, Fullmer's manager, announced today.

It will be in Candlestick Park in San Francisco.

Jenson said sponsors of a closed-circuit theater telecast demanded a fight date which could be followed immediately by a second date if the fight should be delayed by rain.

"There was no rain-check date available for Aug. 27 at Candlestick Park," Jenson said. "The Giants return Aug. 28. But the park will be available for two rain check dates immediately after Sept. 12."

LITTLE SPORT — By Rouson



49ers Gamble, Lose

By HAL WOOD

SAN FRANCISCO (UPI)—Last winter a young fellow from Reno, Nev., named Ed Pine, was bubbling over with happiness.

He had been chosen as the No. 2 draft selection of the San Francisco 49ers.

"It's a childhood ambition," said Pine at the time. "All my life I've wanted to play for the 49ers."

Today Pine, who was a great line-backer at the University of Utah is all through with professional football after less than week of activity at the 49er camp in Moraga. He decided, after all, that he could not give his all to the pro game as he had in college.

The fact that Pine is in love and about to be married to a Reno heiress had nothing to do with his leaving the club—he claims.

MORE EDUCATION

"I just decided, after a hitch in the Army, that I should get more education," he said. "That's why I left the 49ers."

To Coach Red Hickey of the San Francisco club it was a big blow. Pine, a 230-pounder with fine agility, had been counted on as a top prospect in the season's plans.

"It's a great disappointment to lose a top draft choice this way," says Hickey. "But it's happened before and it will happen again. Sometimes the boys get homesick, or they just don't like the prospect of batting their brains out in pro ball."

Pine was rated as a cinch to make the 49er club. Another lad quit, Larry Jepson of Furman, was given a border-line chance of becoming a full-fledged member of the squad.

There are dozens of lads who think they want to play pro football every year who quit after only a few days or less than a week of the try-outs.

The Minnesota Vikings lost a couple of players the other day—fellows who just walked without giving any reason. And another lad with the Vikings who had left, rookie Charlie Sears, a halfback from Hampton Sidney, asked if he could come back after leaving.

"I made a hasty decision," he told Coach Norm Van Brocklin, who just as hastily welcomed the lad back.

Coach Hickey is getting used to the young rookies quitting before they are cut from the squad.

"I recall some years back that Jim Ringo joined the Green Bay Packers," says the coach. "He quit, came back. Then he quit again and they had to go after him to get him back. This time he stayed and you know the story—he became an all-pro star."

In these days of the war with the American Football League, it's an expensive proposition when a high draft choice decides to quit. He has been paid a bonus—and there is no chance to get it back.

But it's one of the gambles that pro football operators have to take, and a warning that they should never count on a rookie until he has drawn a couple of salary checks.

MARINITE TO SHOOT IN NAT'L MEET

George M. Cagwin, son of Horace F. Cagwin of Mill Valley has been selected to represent the California National Guard in the National 30-calibre rifle matches at Camp Perry, Ohio, Aug. 12 through 26.

Cagwin won over all competition in qualifying matches held recently at Camp Mathews in Southern California.

At the Camp Perry matches, he will compete with the best marksmen from all branches of the U.S. armed forces. The marksmanship event is the "World Series" of competitive shooting.

Cagwin has been called to active duty by the National Guard so that he may compete for national honors. In qualifying matches at Camp Mathews, Cagwin qualified in first place in the grand aggregate. He also won two additional prizes. He is a Mill Valley real estate salesman.

Scooter Tips; Boy In Hospital

Robert Tremelling, 15, of Mill Valley, riding a motor scooter yesterday with his twin brother, Richard, swerved to avoid hitting a dog, tipped the scooter and was sent to the hospital.

Young Tremelling, son of Mr. and Mrs. Robert N. Tremelling of 350 Corte Madera Avenue, was treated at Marin General for a cut on his left leg.

The twins had been riding at 8:30 p.m. at West Blithedale and Throckmorton avenues.

Depredation Kills Soar

A year-end survey by the Department of Fish and Game reveals that the number of game animals reported killed on depredation permits hit an all time high in California during 1961 on all species except elk.

Deer led the list with 2,484 killed, followed by 18 bears, 17 beavers and five European wild boars. No elk were taken on a depredation permit during the year.

The high number of deer killed on depredation permits in 1961 is attributed primarily to drought conditions which tended to concentrate the deer on irrigated lands or in residential areas where green food was available.

Under depredation permits, the carcass of the animal killed is not retained by the permittee but must be given to some charitable organization

Li'l Loop Playoffs Tomorrow

Little League baseball reaches its peak in Marin County tonight and tomorrow with semi-finals and finals in the District All-Star Championships.

Tonight's semi-finals will be played at Strawberry and Hamilton Air Force Base at 6 o'clock. The Strawberry tussle will be an all-Mill Valley affair, that community's National League All-Stars against the American League.

At Hamilton, meanwhile, Novato will clash with the San Rafael American League stars.

FINALS AT NOVATO

Winners of tonight's semis clash tomorrow, 3 p.m. at Novato for the district championship and the right to compete in sectional tournament next weekend in Concord.

A preliminary game at Novato tomorrow at 1 p.m. will match losers of tonight's semi-finals for third place honors.

Radio KTIM today announced it will broadcast tomorrow's championship at 3 p.m. and next weekend's play in Concord.

Curt Flood, Carl Yastrzemski and Phil Linz, former Carolina League batting champions, are now playing in the major leagues.

Cincy Shows Title Form

By U.P. INTERNATIONAL

It's about time that the Cincinnati Reds should be taken seriously as a threat to win their second straight National League pennant.

They're still eight games behind the front-running Los Angeles Dodgers but they're the hottest team in the league with nine straight wins. And a team that floundered in the early months of the season is beginning to "jell" for Manager Fred Hutchinson.

The Reds rolled to their ninth straight victory last night when they beat the Pittsburgh Pirates, 5-3, with the aid of homers by Jerry Lynch and Gordie Coleman. The triumph gave the Reds a sweep of their four-game series with the Pirates.

BRAVES WIN

The Milwaukee Braves whipped the New York Mets, 6-1, in the only other National League game while the New York Yankees slaughtered the Boston Sox, 13-3, and the Chicago White Sox beat the Washington Senators, 7-1, in the only American League games.

Bob Skinner homered for the Pirates in the first inning but the Reds came back with Lynch's two-run homer and Coleman's solo shot to take a lead they never lost. Johnny Klippstein went 7⅓ innings and got fine relief pitching from Bill Henry in the eighth and ninth to win his second game of the season while Vern Law suffered his sixth loss.

SPAHN'S 319TH

Warren Spahn, 41-year-old dean of N.L. pitchers, registered his 10th win of this season and the 319th of his career against the hapless Mets, who lost their 11th straight game.

It was a breeze for Spahn, who also hit an N.L. record pitchers' high when he connected for his 31st homer. Hank Aaron also homered for the Braves.

Clete Boyer's two-run homer capped a wild third-inning rally during which the Yankees scored eight runs with two out and fattened their A.L. lead to three games over the idle Los Angeles Angels.

BOYER STARS

Boyer had three hits and Tom Tresh, Hector Lopez, Elston Howard, and Dale Long had two each to lead the Yankees' 12-hit attack. Jim Bonton, aided by Bob Turley's late-inning relief, won his fourth game against two losses for the Yankees.

Ray Herbert became the White Sox' first 10-game winner of the year with his six-hit victory over the Senators. Al Smith homered for the White Sox and Bob Johnson connected for the Senators, whose Bennie Daniels lost his 11th decision of the season.

PRO GRIDIRON NOTES

49ers Will Try To Woo Top Draftee Pine Back To Camp

MORAGA (UPI)—The San Francisco 49ers yesterday placed rookie offensive end Wally Foltz on waivers, thus cutting the number of rookies on the squad to 19.

Foltz was a 218-pounder from Depauw University in Indiana who was drafted 17th last year.

Coach Red Hickey said that rookie Milton McPike, a 6-foot-5 215-pound end, would be shifted to defensive halfback.

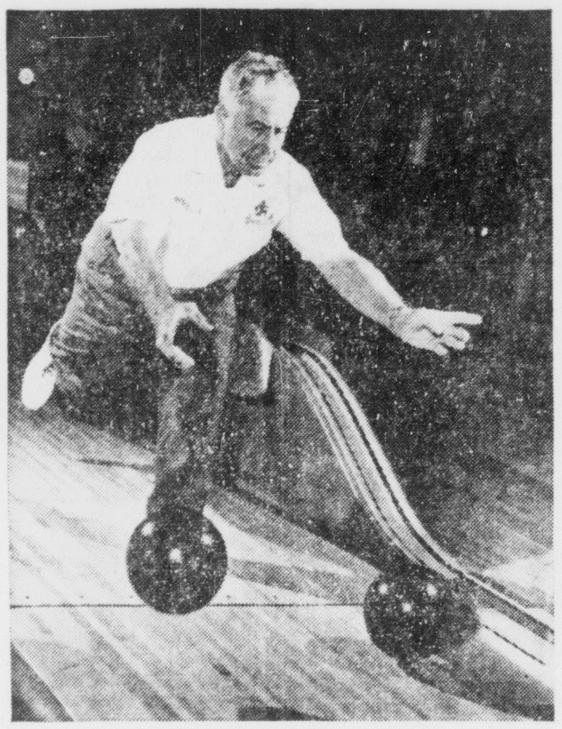
The coaching staff also said it would attempt to woo big Ed Pine back to camp. The linebacker, number two draft choice of the Prospectors, quit camp yesterday because he felt he "was not quite ready for pro ball."

The coaching staff disagrees with Pine and plans to contact him at his Reno home in a few days to see if he'll return.

SANTA CRUZ (UPI) — Tight end Bob Coolbaugh underwent surgery for his broken leg yesterday and will be lost to the team for a minimum of two months.

The Raiders announced that they would hold a "fan appreciation day" tomorrow and give supporters a chance to photograph the players and get their autographs.

Following the picture-taking session, the team plans a game-type scrimmage.



BOWLING GREAT IN MARIN

Andy ("The Great") Varipapa (above) a member of bowling's Hall of Fame, will display his legendary tenpin ability tonight, 8 o'clock, in a special exhibition at Nave Lanes, Ignacio. To illustrate his unchallenged span of bowling prominence, Andy set a world record for exhibitions in 1932 with a 275 average for six games, was elected to the ABC Hall of Fame in 1957 and thrilled a 1959 nationwide television audience by rolling nine straight strikes to win $8,000 on the "Jackpot Bowling" show. In tonight's exhibition he will oppose Rol Walberg, a top-notch kegler from Ignacio. Varipapa is expected to display some of the trick shots for which he is famous.

Fans To Aid Dead Fighter's Family

PHOENIX, Ariz. (UPI)— Local boxing enthusiasts reacted quickly today to seek a way to help the family of Sonny Nunez, who died after his first professional fight Wednesday.

Promoter Paavo Ketonen said several boxers had already offered to fight without pay as part of a prospective benefit card to assist the 22-year-old boxer's wife and child. He indicated more definite plans would be announced later.

Nunes, 22, died within a couple of hours of his fourt-round knockout by grief-stricken Roderigo Contreras. An autopsy was conducted yesterday, but exact cause of death has not been given pending study of medical tests and an inquest Tuesday.

FUNERAL TOMORROW

Rosary will be recited for Nunez tonight at Our Lady of Perpetual Help Roman Catholic Church in Glendale, Ariz., a Phoenix suburb. Funeral mass will be tomorrow, followed by interment at Resthaven Park.

Although no final medical report was available, three surgeons who participated in a desperate attempt to save Nunez' life by an operation reported extensive brain damage and hemorrhaging were evident when an incision was made. They worked for 30 minutes before the young fighter was pronounced dead.

Ring observers said they saw no signs of Nunez being in serious trouble, and one official even had him ahead on points when Contrerras landed a sharp right cross to the head in the final round of the four-round bout.

"I didn't even see him go down," said Contrerras. "The first time I knew he was down was when I heard the crowd roaring.

"What can I say? What can I do now? I feel just terrible."

Justice of the Peace Al Flood, ex-officio coroner, will preside at Tuesday's inquest.

Split Ownership Of L.A. Rams May End This Season

LOS ANGELES (UPI)—National Football League Commissioner Pete Rozelle indicated yesterday that the split ownership of the Los Angeles Rams would end this season.

Rozelle, who once was general manager for the Rams, said he thought the four top owners were unselfish in permitting Elroy Hirsch to take full leadership while the issue remained in the courts.

The commissioner, who is touring NFL camps to confer with officials and players, also said the league does not have immediate plans for expansion.

The Rams went through their daily double sessions after hearing Rozelle review the status of league benefits for players and other NFL programs.

Marks Fall As Marin Pirate Swimmers Win

Marin Pirates Swim Club easily defeated the Livermore Aquacowboys team, 369 to 188 in a dual meet Wednesday night at Drake High, San Anselmo.

In downing the Livermore club, the Pirates avenged a defeat they suffered at the hands of their visitors last weekend in the league meet at Pleasant Hill.

Swimmers from the two teams chalked up 12 new pool records during Wednesday's contest. For the Pirates, Lynne Keeler set a new standard in the girls 15-17 100 free, 1:06.3; Teresa Carlisle in the 10 and under girls 25 breast, 19.6; Robin Yeager in 10 and under boys 25 breast, 19.0 and 100 individual medley, 1:22.7; Sue Carlisle in 11-12 girls 50 breast, 38.5; Ken Frost in 15-17 boys 100 breast, 1:06.2; and Ed Rudloff in 15-17 boys 200 individual medley, 2:22.5. Two Pirate relays established new records: the 11-12 girls 200 medley team of Gail Hartwick, Sue Carlisle, Jaynee Keller and Lisa Dapprich, 2:23.5; and the 10 and under boys 100 free relay with John Rippe, Sandy Ball, David Tang and Robin Yeager, 1:02.5.

Leading the Marin swimmers in points were Teresa Carlisle with five first places, followed by Candy Beeler with four firsts and a second, and Bob Girvin with four firsts.

Additional firsts for the Pirates were taken by Gerry Keeler, Gary Cheroske, George Girvin, Linda Patterson and Kirsten Beeler.

Busy Weekend For Novato Ball Club

Novato Tigers semi-pro baseball club, enjoying a red hot winning streak, will spend a busy weekend with three games on the schedule.

Tonight the Tigers stage a rematch with the San Anselmo Merchants at Albert Park in San Rafael starting at 8 o'clock. On July 4 the Tigers whipped San Anselmo 13-1, so the Merchants will be out for revenge.

Tomorrow night the Novato team treks to Marysville for a game and on Sunday it hits the road again, this time to Point Arena.

After losing its first three games of the season, Novato has won six straight.

Seals Sign Star

SAN FRANCISCO (UPI)—Orland Kurtenbach, 26-year-old Boston Bruin hockey property, will play for the San Francisco Seals of the Western Hockey League in 1961-62.

The Seals announced the signing of Kurtenbach yesterday. The offense star, who is from Prince Albert, Sask., led Providence in the American Hockey League last year with 32 goals and 31 assists—and almost an hour of time in the penalty box.

Passing Record

CHICAGO (UPI)—A record 94 passes were thrown in a National Football League game between the Chicago Bears and San Francisco Forty-Niners in 1953. The Bears threw 50 and San Francisco 44.

'Cup' Race On Bay Tomorrow

By ALFRED MATSON

After a long vacation, since June 10, the many classes in the Small Yacht Racing Assn. return to action this Sunday under the aegis of the Sausalito Yacht Club.

Races will be over the Richardson Bay course and the Stars will hit the starting line first at 12 noon. The other classes—110, Zephyr, Mercury, Clipper, Rhodes 19, Victory, BB-11, Mermaid, 210, Bay Lady, Electra will follow thru at five-minute intervals.

The regatta will be antedated, however, by the SYRA Perpetual Challenge Race which will be held tomorrow. Since the trophy's inception in 1958, when the Sausalito club defeated the Corinthians, that elegant piece of silverware has not left the former's possession. In tomorrow's race, the Lake Merced Sailing Club has challenged with the 110 class Sunshine, skippered by Walt Lunardini and owner Rudy Hornung as crewman. Sausalito has delegated the role of defender to the perennial champ, Grant Willson, and his recently acquired 110, Roulette. Grant will have as crewman, a sailor best known for his big boat prowess, none other than Bruce Easom.

It will be a best two out of three hassle with the first race starting at 11 a.m. off Knox buoy.

THE DEVOTEES of real small boat racing will trail down to Redwood City for two days of competition as programmed by the Small Boat Racing Assn. and sponsored by the Sequoia Y. C. There will be two races tomorrow for the classes in Division 2 and Division 3 will get in their licks on Sunday, first warning gun at 10:45 a.m. on both days.

IT WOULD be a sin to fail to mention Jim Enzenperger's great win last weekend at the Lake Huntington High Sierra regatta for Mercury class boats. Racing under the colors of the Sausalito Y. C., Jim took a 2-1-2 finish in a 3 race series. And considering the opposition included 27 of the top coast sailors, his victory surely deserves the approbation of his fellow Marin sailors.

Salmon Skippers Strike It Rich; Striper Striving Continues Slow

STEVENS

For the salmon skippers and their trusting trollers, happy days are here again. After the failure of the Montara sector to come through on Monday and Tuesday (almost a complete blank on Tuesday), the salmon seekers sought better pastures. They found them. The radios blared forth the good news that fish in copious quantities were infesting the waters off Rocky Point and Duxbury Reef. The fleet congregated in the two areas.

Tony Caruso of Caruso's place at Sausalito called to report the following: The Ma-Ru, nine limits to 12 pounds; Lucky Lady, eight limits to 16 pounds; Jennie C., nine limits to 12 pounds; and the Marion, 13 limits to 18 pounds—all from the Rocky Point area. The Cappy Ricks took seven salmon to 22 pounds at Duxbury.

From Lee Anderson's bait house in Oakland, I learned that The Lucky Day netted nine limits to 15 pounds at Duxbury; the Privateer brought home 11 limits to 27 pounds from Duxbury, and the Sea Horse scouted the area out by the Farallones and had to be content with six fish only.

STRIPER STRIVING in most areas continues slow, but the party boats out of Crockett did a great deal better on Tuesday than on Sunday and Monday. Nadine Lessley, information girl for Tony Dowrelio, reported the Jackpot with 25 bass to nine pounds, the Dowrelio No. 5, 13 to 10 pounds, the Sunfish had 13 to eight pounds, the Happy Days No. 3, netted 31 to 12 pounds, and Luckless Leonard of the Millie Lin was low boat with only a pair of bass.

Practically all the action on the late evening trolling has been in the waters above the Carquinez Bridge, and at least one boat (I believe it was the Millie Lin) took five bass on bait.

FROM CHINA CAMP the word is that the bait fishermen get stingerees instead of bass, but the lads who give trolling a whirl in the Sisters area do fairly well.

FROM THE Western Sport Shop in San Rafael I was able to verify a report of fair shore casting one hour after the turn of the tide at both Bolinas and Richardson Bay (Strawberry Point side of the bay).

From Mrs. Don Hall, I learned that black bass fishing has become somewhat spotty at Berryessa—that the moss has become thicker.

The following waters have been restocked with catchable size trout this week. MONTEREY COUNTY, Big Sur River; SANTA CRUZ COUNTY, Fall Creek, San Lorenzo River; SAN MATEO COUNTY, Pescadero Creek; ALAMEDA, Alameda Creek; MARIN, Lagunitas Lake, Phoenix Lake.

And so endeth today's news. Goodbye, good luck and go get 'em!

Corte Madera Alarm Boxes Useless

All fire alarm boxes in the hillside areas of Corte Madera are now useless, Asst. Chief Harold Kelly announced today.

Any fires in the hill areas must be reported to the fire department by telephone, Kelly said. Firemen disconnected the hillside alarm system last night after a short circuit in the system caused the central station alarm horn to blow at 7 p.m.

Seven hillside alarm boxes were removed last winter because of short circuits which caused the alarm to sound when there was no fire. Until last night, four hillside alarm boxes remained in service.

"We still have six alarm boxes in the flat part of town that are working," Kelly said. "They are on a separate loop."

Several years ago the volunteer fire department asked the Corte Madera Town Council to consider rewiring the old alarm system, but the council did nothing because of the "thousands of dollars it would cost," Kelly said.

Everyman Trio Send Protest To Khrushchev Against Tests

Three Americans who were jailed for sailing a protest vessel into a U.S. nuclear test zone have now demonstrated impartiality by urging abandonment of "nuclear suicide" policies on Soviet Premier Nikita Khrushchev.

Dr. Monte G. Steadman Jr. of Corte Madera, skipper of the ketch Everyman II on its recent voyage near Johnston Island, has joined with his crewmen C. George Benello and Franklin Zahn in a letter of protest to Khrushchev against some of his recently quoted views.

Exception is taken to Khrushchev's assertion that the Soviet Union can come abreast of the United States in the matter of test series, as against explosions, "only if it carries out its own tests after the current series of American tests."

The Everyman trio associates itself "with many other loyal Americans" in belief that no possible national goal can be achieved by reliance on nuclear weapons and goes on:

"It is obvious to us that both the United States and the Soviet Union policy makers are suffering from a massive delusion when they predict that the security of their nation can be maintained by the continuing madness of a nuclear weapons race."

This attitude results, says the letter, in a continuous situation of Soviet policy being made in Washington and American policy in Moscow with "extremist elements in each nation building up the other as an absolute evil which only total destruction can cure . . .a mutual suicide pact with the rest of the world held as hostage."

Whichever nation first has the courage to break this cycle of threat and counter-threat, says the letter, will gain support from all other nations.

Steadman said today that he plans to drop his projected appeal against a $600 fine imposed on him in Honolulu because he felt attorneys' fees and court costs would be excessive.

While in southern California recently to visit his ill father he conferred with attorney A. L. Wirin of the American Civil Liberties Union and was told the battle would cost $10,000 to $15,000, he said.

"I just don't have that money," said Steadman, adding that defense costs have already amounted to about $3,000. He was released by federal court on $600 bail to see his father. Fines of $200 each were imposed on his companions.

Steadman returned to his work yesterday as head of the ear, nose and throat clinic at Kaiser Hospital in San Francisco. His father in Los Angeles was improving after an operation.

The ketch, released by the Coast Guard, is up for sale in Honolulu. Steadman said he put up most of its $7,400 cost and that the rest came from other members of the Committee For Non-Violent Action.

U.S. ASSURES LAOS OF ECONOMIC AID

WASHINGTON (AP) — Prime Minister Souvanna Phouma of Laos said today the United States has assured him of economic assistance but that details will be worked out later after a development plan is established.

He made the statement after a one-hour meeting with Secretary of State Dean Rusk.

The 62-year-old prince described the meeting as an exchange of ideas about the assistance which might be extended by the U.S. government and implementation of the Geneva accords establishing Laos as a neutral nation in Southeast Asia.

Souvanna Phouma was to see President John F. Kennedy later in the day.

Kennedy is expected to assure Souvanna Phouma that the United States will honor its obligations to Laos and expects all other nations, Laos included, to live up to commitments that it be neutral and independent.

In considering the problem of continued U.S. aid to the neutralist regime, Sen. John Sparkman (D-Ala.) suggested last night that the burden of aid for the Southeast Asian kingdom be borne by all 14 countries which signed the accord at Geneva last Monday guaranteeing the neutrality of Laos.

When informed of Sparkman's proposal, Souvanna Phouma said he would welcome such an arrangement.

Switzer Fined For Hit-Run

Former Marin County Planning Commissioner John S. Switzer, 67, paid $110 fine yesterday in Marin Municipal Court for hit-run driving last month.

Judge Leonard A. Thomas put Switzer on six months probation.

On June 16, Switzer's car struck a vehicle driven by Gary Hance of 12 Loma Linda Drive, San Rafael, at Fourth and E streets. Switzer drove on toward Fairfax, and was arrested at White's Hill by Fairfax police.

$200 In Lumber Stolen

David Adams, foreman for the Kaehler Farrari Development Co. of San Rafael, reported Wednesday to Novato police that $200 worth of lumber had been taken from the building site on the 600 block on Midway Drive.

Greenbrae Apartment Plan Denied

An architect who is a member of the San Francisco Planning Commission Tuesday night was denied Larkspur Planning Commission architectural approval for 23 apartments in Greenbrae on the ground that 11 of them "would look like row houses."

George T. Rockrise of the San Francisco architect firm of Rockrise and Watson described the apartments planned to be built for owner Harold Sonnenberg.

He proposed putting 12 apartments in one building and the rest in 11 two-story buildings on the hillside.

Commissioner David Scott objected "That would look like row houses to me."

Commissioner Andrew Gilardi's motion for approval, seconded by William P. Schnell, was defeated 3-2.

The commission unanimously denied a parking and access plan for 24 apartments on lots 52 and 53 in the same subdivision, on grounds the density would be too great.

Consideration of a proposed new zoning ordinance was continued to an adjourned meeting at 7:30 p.m. Monday in Larkspur City Hall.

Strike Threatened By Railroad Union

CHICAGO (AP)—A strike has been threatened by the 200,000 union men who man the nation's trains in an attempt to keep railroads from revamping work rules which would eliminate thousands of jobs.

In a suit filed yesterday in U.S. District Court, the unions stated their intent to strike unless the railroads drop plans to enforce the work changes Aug. 17.

The suit, filed by unions of engineers, trainmen, conductors, brakemen, firemen and switchmen, requests the court to declare the carriers' proposed changes a violation of the Railway Labor Act.

The suit also applied for a permanent injunction to keep the managements from adopting new rules, recommended in February by a presidential commission.

The suit stated, the unions "will be forced to resist said revisions by asking those they represent to withdraw from service" until they have forced the carriers to drop the proposed changes.

The work rules changes, the railroads contend, are aimed at eliminating what they call "featherbedding"—keeping on the payrolls personnel whose jobs are unnecessary. The unions say the jobs are needed for safe and efficient operation.

Management estimated that "featherbedding" cost the carriers $500 million a year.

Housewife Hurt In Auto Crash

A Tamalpais Valley housewife suffered a cut forehead when her station wagon was struck by a left-turning sedan last night.

Mrs. Annette A. Helmstaeder of 627 Northern Avenue was driving east on Shoreline Highway near its intersection with Highway 101 at 8:45 p.m. when a westbound car driven by A. M. Amoroso of 9 Glenn Drive, Mill Valley, sideswiped her vehicle. She was treated at Marin General Hospital.

Amoroso said his attention had been fixed on a car following him close behind and he saw the Helmstaeder wagon only an instant before impact. The California Highway Patrol cited him on a charge of failure to yield right-of-way.

Bolinas Readys For Big Doings

Bolinas is readying for its 15th annual bazaar and rummage sale, which will be held Aug. 4, 5 and 6.

The quonset hut, for the past several years the repository for the goods that accumulate throughout the year, disgorged its dusty treasures Saturday, touching off two weeks of assorting, cleaning, repairing and pricing, now in progress at the Community Center by the committee.

A brief exploration disclosed two birdcages, one fencing sword for someone who likes to fence solo; a carton of 50 new candles; another filled with identical packages of flower seeds bearing the slogan: "Beautify your neighborhood"; a box of homemade soap; a case containing eyeglass lenses and apparatus for testing them, dating back to about 1880 or '90; a White House Cook Book, also from the last century.

Four organizations are again participating in the work and in the proceeds. They are Calvary Presbyterian Church, St. Mary Magdalene Catholic Church, St. Aidan's Episcopal Church and the Bolinas Community Center.

Chairmen and co-chairmen respectively are Mesdames Sherman Smith and James Dougan, Joseph Silviera Jr., and Anthony Teixeira, J. B. Lowe and Robert Berry, Mrs. Erwin Manheim and Mrs. William Miller.

Mrs. Sarah Baroni and Mrs. Everet Stuart will head the Beachcombers' booth.

Departments and chairmen include Miss Amy Edwards, jewelry; Mrs. S. A. Viera, clothes; H. C. Glasson, plants; Mrs. Alma Petar, linen; Mrs. William Miller, White Elephant; Mrs. H. Manheim, books; Mrs. A. C. Pfefferkorn, toys; Remington Wood, furniture; Mrs. Alph Heraldsen, kitchenware; Miss Joscelyn Dewey, electrical supplies; Mrs. J. B. Lowe and Mrs. Kirby Clark, pictures and frames; Mrs. Lynwood Howard and Mrs. Robert Berry, hats and shoes; Mrs. Frank Fontes and Mrs. George Willcutt, lunch and food, and Mrs. Oscar Olsen, produce.

Luncheon will be served on the first day of the sale and snacks will be available on the second day.

The hours of the sale will be Saturday, Aug. 4, 10 a.m. to 5 p.m.; Sunday, 12 to 5 p.m.; Monday, 10 a.m. to 4 p.m.

Coffee for the early arrivals will be served by Mrs. Louise Balcom and Mrs. Esther Everson.

BIRD CAGES, brass andirons and even deer antlers will be among the articles to be sold. Mrs. Manheim, left, and Mrs. Smith and committee members have been working for two weeks sorting, cleaning and repairing the merchandise which has been collected throughout the year.

DISPLAYING UNIQUE finds a case containing eye glass lenses and apparatus for testing them and a White House cook book published in 1919 are Mrs. Manheim, left, and Mrs. Teixeira. The sale will open at 10 a.m. on Aug. 4. Luncheon will be served on the first day and snacks on the ensuing ones.

The 'Arrow' Shape Unveiled At Show By House Of Dior

By ALINE MOSBY

PARIS (UPI)—The house of Christian Dior unveiled its "Arrow" shape for women's winter fashions—putting them in a triangle shape with skirts just covering the knees.

The "Arrow" line designed by Marc Bohan was topped by "pom pom" hats, perhaps representing the target.

Bohan kept the waist natural, using many belts.

In cocktail clothes and daytime wools, he used a tightly fitted midriff to emphasize women's natural curves.

Some suit jackets plunged to the end of the hip, probably the longest in Paris this season.

Bohan had just as many jackets, however, ending at the natural waistline, and dipping lightly in the back.

The Dior line is similar to the triangle shape advocated by several other designers for this fall; but it was less exaggerated. Bohan sprinkled pom poms all over the place.

Nearly every close-fitting daytime hat had a fuzzy pom pom on top. Some hats consisted entirely of pom poms, made of jet beads or glittering fake jewels for evening.

His cocktail dresses featured straight tunics, including one in pink crepe richly dotted with crystal sequins and beads.

Long straight evening gowns were slashed to above the knee, or were transparent to the knee.

Skirts covered the knees at about the same line where they had fallen the last two seasons, a Dior spokesman said.

Some crepe cocktail dresses, however, wound up only a couple of inches above the ankle, the same idea tried this year by designer Pierre Cardin.

Bohan also unveiled cowboy style trousers for women and jumpers for daytime wear.

The bust was given emphasis, instead of being flattened as by many designers. Bohan kept shoulders round and natural.

Previously designer Jacques Heim, one of the most copied Paris designers abroad, especially in the United States, offered women the "Casbah" look. His models pranced out bundled in coats and suits with huge stand-up collars that hid their faces to the nose-tip or above.

Like veiled Moslem women, their eyes were heavily made up to look more provocative over the collars.

Many of the collars were of black seal that could be pulled down to lie flat and wide, or taken off to double as muffs.

Heim's coats were cut cleanly, many with huge patch pockets and often ¾ length. His cocktail dresses were either form-fitting in front with fullness floating behind like a cape, or else form-fitting in back with billowing folds forming an "apron."

MRS. JOHN WILLIAM SHANAHAN
(Luther Greer photo)

Jan Descalso Wed In Reno

Jan Descalso of Corte Madera became the bride of John William Shanahan recently in Reno's Chapel of the Bells.

The Rev. George Flint officiated for the double ring ceremony.

Parents of the bride are Mr. and Mrs. George J. Descalso of Corte Madera.

For her wedding, the bride chose a white linen suit.

The new Mrs. Shanahan was graduated from Redwood High School and attended College of Marin. Jean Descalso of Corte Madera is her sister. She is employed with the Marin Municipal Water District.

The bridegroom, son of Mr. and Mrs. John C. Shanahan of San Rafael, was graduated from San Rafael High School and Santa Rosa Junior College. He is employed with the Singer Sewing Machine Co. Mrs. Gerald Lee of San Rafael, Mrs. Edward King of Pacifica and James Shanahan of San Rafael are his sisters and brothers.

Following a honeymoon in Squaw Valley, the newlyweds are residing in San Rafael.

Beauty, Brains Run In Family

ST. LOUIS (UPI)—Mrs. Arthur Weis, an elementary school teacher, knows what she's talking about when she says "scholastic ability seems to run in the family."

Mrs. Weis entered college at the age of 15 "and so did both of my daughters."

The girls are beauties, too. Miss Landy Suzanne Weis, Miss Air Force in St. Louis for 1962, will enter Washington University's School of Medicine this September at the age of 18.

She is winding up a four-year General Motors scholarship at the university with a degree in mathematics.

Landy's sister, Mary Anita, was graduated from Washington University in 1961 at the age of 18, and is doing graduate work in mathematics. When she was four years old, her mother said the child's IQ was 165.

"She entered the second grade that year and could read fifth-grade text books," the mother said.

Mrs. Weis urges parents to take an interest in their children's study. She stressed the importance of home teaching and reading speed. As for her two girls, Mrs. Weis said, "I gave them 20-minute reading periods from the beginning and, just as important, I tried to help them enjoy studying."

To Keep Limes

Put limes in a tightly closed jar in the refrigerator if you want them to stay fresh for several days.

THE PARENTS' CORNER

By RICHMOND BARBOUR, Ph. D
Guidance Counselor

When Taking A Driving Vacation Don't Attempt Too Much Mileage

Will you be leaving for your vacation soon? Most parents choose August for car trips. We'll be jamming the highways soon. Here's my simple request: Drive Carefully!

Don't go too many miles in a day. I had a friend who laughed at me two years ago. I said 400 miles a day was enough for me. He said 700 was more like it. I went to his funeral a few weeks later. He and his three children were killed at 8 p.m., after covering 700 miles. They died in a flaming wreck. His wife is in a mental hospital now. She got over her physical injuries. She'll never recover from the shock of seeing her dear ones being burned to death.

Don't drive when you're angry. Have your spouse take over, or an older teenager. When angry you take chances you wouldn't take normally. Don't drive while drinking. Alcohol is a common cause of highway accidents. You know what happens. You take some drinks. You don't see clearly afterward. Your judgement is fuzzy. You can't estimate speeds or distances accurately, but you don't realize it. You feel fine. You think you're driving better than ever—then blooey!

I'm not trying to spoil your vacation. I don't suggest you stay home. All I want to do is help you make sure that you and your family will be alive, happy and rested come September. I am uncomfortably aware of the fact that scores of us parents and our children will die on the highway during August. So I say drive carefully.

READERS' FORUM

(Q) "Is it better to take long car trips while our children are young and small? Or should we wait until they're in their teens?"

(A) Most people find it is better to take trips while their off spring are small. Parents who wait until their children are in their teens may never go. Teenagers have jobs, or are in school.

Marin MAGAZINE

Bright reading for the whole week

Featured this Saturday:

Marin County can claim only one member of the San Francisco 49ers professional football team as a regular resident. But he's one of the greatest in the game. Making his home in Terra Linda is Abe Woodson, former Illinois U. athlete who rates at the top in pro football as a defensive halfback and in returning punts and kick-offs. Independent-Journal sports editor Jim Gilmartin writes a profile of Abe in tomorrow's Marin Magazine.

Last week Independent-Journal reporter Theron Newell told you about the exhaustive steps and painstaking preparations required of him by the Air Force before he was permitted to make a faster-than-sound flight in a Hamilton Air Force Base F101 Voodoo. In tomorrow's magazine he will tell you about that flight. And about the added experience of weightlessness which he experienced in the plane at an altitude of 35,000-feet-plus.

Well on its way toward becoming a Marin tradition is the Marin Shakespeare Festival, currently under way at the Marin Art and Garden Center in Ross. One big reason for its success is the fine talent of the people involved. Tomorrow Marin Magazine editor Don Keown tells you about one of those talented people—director Jack Aranson whose theatrical career has taken him to many countries. And who has appeared on the stage with some of the great names of our times.

Marin's own magazine . . . picturing and reporting life in Marin today . . . personalities, recreation, coming events, book reviews, gardening, music, home improvement, weekly TV log. A week of good reading. Look for it, Saturdays.

The original "Cleopatra" was one of the early exponents of what passed for sunglasses in her day. Historians report she wore sunshades designed to keep her eyes from squinting at galley races and outdoor social events. They were made of bamboo and jeweled with emeralds.

It's Time To Start Planning Pt. Reyes Highway Access

Now that Point Reyes Seashore appears to be well on its way toward establishment, it is imperative that planning start seriously on how people are going to get to that beautiful peninsula.

We are not talking about roads that will be needed next year or even five years from now; rather about roads necessary 10 to 15 years from now when the seashore begins to get into full use.

We are not thinking about the roads inside of the park area, for these will be developed by the federal government.

We are not even talking about developing Highway 1, the Shoreline Highway, although we hope we've been sufficiently explicit that we think that exact route should be selected at the earliest possible moment.

We do mean designing of new roads to serve the area. If a million people a year will be using that park, as proponents say, they will need more than one road to get to it.

Actually, the broad outlines of other state highways serving West Marin already have been drawn. In the state master plan, two routes are designated. One will go west from the San Rafael-Richmond Bridge and the other west from Novato. There is a third possibility, through Lucas Valley.

But a decision on these roads is needed and planning should start on their exact location.

Will the bridge-to-the-sea road go first to San Rafael and swing down the Miracle Mile, or will it cut across behind San Quentin Prison and traverse the Ross Valley?

Will the Novato and bridge roads converge in the neighborhood of Nicasio, or will the two roads remain independent until they reach Highway 1?

Will the Lucas Valley road be constructed as a major traffic artery, and if so will it supplement or replace either of the other two roads?

These are not capricious questions and we don't expect off-the-cuff answers. We know the State Division of Highways has the questions under consideration, but their answers are as yet, undetermined.

With the seashore decision apparently made, we urge the state to undertake the job of answering these questions and others related to them as soon as proper studies to develop the facts can be completed.

THREE MINUTES A DAY

By JAMES KELLER

ENDLESS VARIETY OF CREATION

The simple truth that "only God can make a tree" is eloquently brought out in a story told by Jean Cocteau, a French poet.

As a young man, M. Cocteau was designing a stage set which required a tree as background. He was spending long nights in the theater basement cutting out hundreds of leaves for his creation when a wealthy friend hit on another idea.

"Give me the design of a leaf," he said, "and in three days you will have thousands of them here."

When he returned they pasted the multitude of identical leaves onto the branches.

The result, Cocteau recalled, was "the most boring package of flat, uninteresting forms one can see." Then he saw "why God has made each leaf of a tree and each man in the world different from any other."

No matter who you are, the Creator has given you a distinct personality and a mission in life that no one else can accomplish. Pray, speak and work for others in the way that only you can do it.

"Your good works glorify God."
(1 Peter 2:12)

Give me the power to see, O Lord, in every person a wonderfully different reflection of Your goodness.

America's Tired Office Workers Need Restful, Afternoon Siestas

NEW YORK (AP)—Probably the biggest misfit in America's new physical fitness campaign is the tired office worker.

Pallid-faced and slack-chested, he droops over his desk like a piece of wet laundry hung from the family clothesline. He barely has the strength to totter back and forth to the water cooler half a dozen times a day.

There are those who think the answer to the rehabilitation of the tired business employee is to provide him with a lot more fresh air and exercise. Frankly, I think this would be more likely to kill than cure him.

It isn't more exercise the ordinary office worker needs. He gets more than enough exercise now simply by trying to avoid doing his work. What he really needs is more rest—on company time.

The answer, as I see it, is to revive the old-fashioned siesta—right in the office.

Why do American housewives so consistently outlive their husbands? A partial explanation probably is that they are never far from a sofa while performing their household chores. Whenever they feel a bit weary, they simply lie down and take a nap until the feeling goes away. Then they rise refreshed.

Now let's take the ordinary male office employee. He has probably stayed up to watch the midnight movie on television and wakes up late.

There is no time for a hearty breakfast. Red-eyed from lack of sleep he races to the office and snacks on hot coffee and a sodden cruller.

By noon he is all worn out. Then he goes out for lunch and hungrily gulps down a meal that would stun a python.

When he stumbles back into the office, he can hardly keep his eyes open. Numb with fatigue, he toys restlessly at the papers on his desk all afternoon, getting little or no work done.

WHAT THE AVERAGE office needs is to fill its locker room with couches. After returning from lunch, each wornout employee would stretch out on a couch and, lulled by soft music, grab a good solid hour of shut-eye.

When he got up, restored in mind and body, he would be able to get twice as much work done in the remainder of the afternoon as he does now.

IF WE ARE TO rejuvenate our white collar class and make them physically fit again—and this has become a patriotic duty—they'll have to get more restful sleep somewhere.

What better place than the office?

THE UGLY MARINITE

WHAT OUR READERS SAY

We Need More People Watchers

EDITOR,
Independent-Journal:

This concerns Theron Newell's July 17 column about matches, children and fires which I feel should be printed again on the front page and in caps.

There is another and more vicious offender! The motorist who tosses his (or her) lighted cigarette out on the highway.

I see this happen several times every day. There is no law against this in cities or residential areas, but I say the people who do this will also follow the same stupid habit when they are in critical fire areas.

When I have witnessed this act on the highways, I have taken the license number of the automobile, the date, time and location and have reported it to the Highway Patrol by letter. The captain of the CHP has in each case acknowledged the report and the offending driver is contacted by an officer who lectures him on the dangers of this violation.

What we need is more "people watchers" to report these violations.

Write Letter, Throw It Away

EDITOR,
Independent-Journal:

I should like to comment on a letter which recently appeared in the Independent-Journal captioned "I-J Tricked Into Editorial."

The use of letters to the editor as a public forum for the presentation of opinions is an example of the freedom of expression which we enjoy in this country. Is it too much to expect that this medium be used for the expression and criticism of ideas and not of people?

Surely no good purpose is served by attributing Machiavellian motives to a contributor whose concern is with a principle, to which he may, or may not, subscribe. Is it likely that an editor is so palpably the dupe of his readers?

I suspect that a psychiatrist would agree that such a letter containing a personal attack should be written. I also suspect that he would agree with a philosopher, that, once such a letter is written, it should be consigned to the wastebasket.

Why Not Let Baby Be Born?

EDITOR,
Independent-Journal:

In reference to the articles about the "Arizona Woman Planning Operation" which you deem newsworthy:

Has anyone suggested giving the baby a chance to live long enough to see if it is normal?

Since taking its life does not appear as a source of qualms to its mother or her advisors, medical or legal, this could always be done. Then at least the mother would not have to wonder if she took the life of a normal child.

TRY AND STOP ME

BENNETT CERF

When veteran newspaperman John Wheeler was a young sprout, he met the great John L. Sullivan, world's heavyweight champion and a man of inordinate vanity. Sullivan reached over and pulled a big cigar out of Wheeler's mouth. He took three or four puffs of it, then handed it back with a grin. "There you are, young feller," he boomed, "and remember I would not do that for every so and so!"

A minister in Evansville had fallen into the habit of placing his sermons on the pulpit about an hour before the church service. One young rascal discovered this habit, and one day, before the congregation convened, he neatly detached the last page from the manuscript.

The minister delivered his sermon in ringing tones, and read the last line of what was now the final page: "So Adam said to Eve . . . . . " Searching in vain for the following page, the minister made a mental note to give his secretary what for, cleared his throat nervously, then concluded his sermon weakly, "So, Adam said to Eve—there seems to be a leaf missing!"

I-J REPORTER'S NOTEBOOK

By AL BOCK

Suspicion, Even If Unfair, Must Come First If There's To Be Reform

Suspicion of the day-to-day business of government is an old and honored American habit, but when practiced, it usually miffs the most honest and dedicated public servants.

Every time there's a public noise over some alleged blunder, the officials involved look much maligned and ask why such a fuss must be made over "distorted facts."

Sometimes they are right. After charges are wildly scattered about, a few innocent people are hurt.

BUT THOSE who may be unduly criticized forget one thing: Being subjected to such sobriquets as fool, thief or bum is one of the rules of their game.

The public worker who feels he is undeservedly embarrassed is quick to say that everybody of course ought to be suspicious and critical as long as it's a "healthy" suspicion and "responsible" criticism.

Whether offered as a defense with or without good reason, this attitude has been adopted concerning Marin's mystery of "Who Prescribed the Paraldehyde?"

On all sides, the county physician and sheriff protest there's an unfair furor over the unfortunate death in the county jail.

IT'S EASY to say, as Dr. Raphael G. Dufficy says, that if the prisoner had died in a hospital or hotel, no questions would have been asked.

And Sheriff Louis Mountanos agrees with the doctor that the incident was a rare thing which the press and grand jury immediately jumped on.

They're quite right that death in the county jail is embarrassing to everybody involved. It should be.

Whether right or wrong, the public has a right to ask questions.

Public servants, no matter how able and loyal, are mistaken when they demand the questions be "fair" and "proper." It may be a sad reflection on the public, but the officials are wrong when they even go so far as to insist the questions be intelligent.

What's important is that the public is wide awake enough to want to know what's going on and articulate enough to make a few inquiries.

AS FAR AS the county jail death is concerned, it looks as though some things will never be clarified. But, if nothing else, the event possibly has alerted the county officials to the fact that people are watching.

One member of Doctor Dufficy's staff has remarked that prescribing care for county jail inmates is a "most frustrating thing." If a physician delays treatment of a scratched finger for a few hours, he "can't sleep easily" wondering if something else may go wrong meanwhile, and half expecting to see headlines the next day: "Physician refuses treatment to prisoner."

MAYBE SUCH a situation is uncomfortable, but it's proper.

Grand juries and newspapers may often be wrong. Their indictments may have little basis in fact, and this can be dangerous. But if the public really cares, careless criticism can be exposed like anything else.

We shouldn't forget that no genuine reform can ever be started unless there's plenty of suspicion first, no matter how "unfair."

WALTER LIPPMANN

On Troubled Continents People Find Way To Self Government Difficult

WASHINGTON — From Peru to Algeria, from The Congo to South Vietnam, we are being reminded how long and complicated is the great revolution of our age, the awakening of the backward peoples. To achieve acceptable self-government is enormously difficult, as witness our own Civil War.

In Latin America we are engaged in a unique experiment. We have realized that without a rise in the standard of life of the mass of the people, there can be no enduring stability.

So we find ourselves trying to induce a peaceable and a gradual internal social and political revolution in order that there may be governments capable of using productively the capital funds we are willing to lend them.

AS WE KNOW from Peru and from Argentina and elsewhere, it is not going to be easy to reap the results of a revolution without having a revolution. The privileged ruling classes with their connections in the military establishments do not surrender voluntarily to the Alliance for Progress.

While we have to keep on trying the best we can where we can, we must not delude ourselves. Between the two World Wars we renounced solemnly and repeatedly the right of military intervention in this hemisphere, and while we can still make a discreet show of force in Caribbean waters, in all of Latin America we have influence only as we earn it.

Insofar as the Alliance for Progress depends on political and social change inside the Latin American countries, it has no power behind it and only some influence.

IF PROGRESS is difficult in much of Latin America, which has so long been self-governing, it is much more difficult in Africa and Asia. In Africa it is so difficult that it is no exaggeration to say that the critical factor is the attitude of the great powers.

The Congo illustrates this vividly. There have been two main chapters in the Congo story. In the first chapter, which began with the precipitate Belgian withdrawal, the problem was to insulate the Congo and seal it off from the cold war. This was done successfully by Dag Hammarskjold's daring use of the United Nations.

The second chapter, which is not concluded, has been the effort to induce the Congolese under Adoula in Leopoldville and under Tshombe in Katanga to unite. Behind Adoula the main power is the United States government. Behind Tshombe the main power consists of large private interests in Great Britain and Belgium.

IN ALGERIA we see once more how wide is the gap between liberation and self-government. At the moment the prospects are not too bad because there is no evidence that any of the great powers is intervening seriously in the Algerian dispute.

As for Southeast Asia, my own view is that the region cannot be stabilized locally. The future depends on the powers and in the last analysis on the two great powers, the Soviet Union and the United States. The Soviet Union has much influence in North Vietnam, as we have in South Vietnam. But neither is all-powerful. More importantly the Soviet Union probably has decisive influence in preventing Red China from starting a great war by trying to overrun Southeast Asia. And we of course have the power to decide that the action in Vietnam shall remain limited.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

You Must often Draw Couple Of Trumps To Disarm Opponent

When you're struggling for control of the trump suit, you must often draw a couple of trumps to disarm one opponent. Still, you can't afford to lose the lead because you'll be made to ruff more often than you can afford. It's a dilemma.

Opening lead — ♡ 7

East won the first trick with the ten of hearts and returned the queen of clubs to declarer's ace. Now South led a low trump toward dummy's eight.

PLAYED LOW

West played low, hoping his partner could win the trick, but this optimism cost him dear.

Dummy's eight of spades won, and declarer got back by leading a club to the king. (East discarded, since ruffing would do him no good.)

South continued with the queen of spades to West's king, thus drawing East's other trump. West returned another heart, forcing South to ruff.

GAVE UP CLUB

South gave up a club to the jack and ruffed the heart return. This left South with just the J-9 of trumps to West's A-10. South couldn't afford to lead another trump, for West would take out the trumps and win the rest.

Instead, South led his established clubs, thus staying one trum ahead of West. South was sure to win five trumps and two clubs or four trumps and three clubs. Either way, the doubled contract was home.

BETTER PLAY

It is better play for West to step up with the ten of spades when South leads a low trump at the third trick. If he does so, he will eventually win a trick with the three of spades; and he will also get one more chance to make South ruff.

See how it goes. West takes the ten of spades and leads a heart to punch South. Declarer leads the queen of spades to the king, and West leads a third heart.

By this time South is reduced to two trumps, and the clubs are still not established. South can get only three trumps and two clubs and is sure to go down at least two tricks.

On this day in history:

In 1789, the Department of Foreign Affairs, the forerunner of the Department of State, was established by an act of the U.S. Congress.

In 1953, following the longest truce negotiations in the tory of warfare, the war in Korea ended.

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

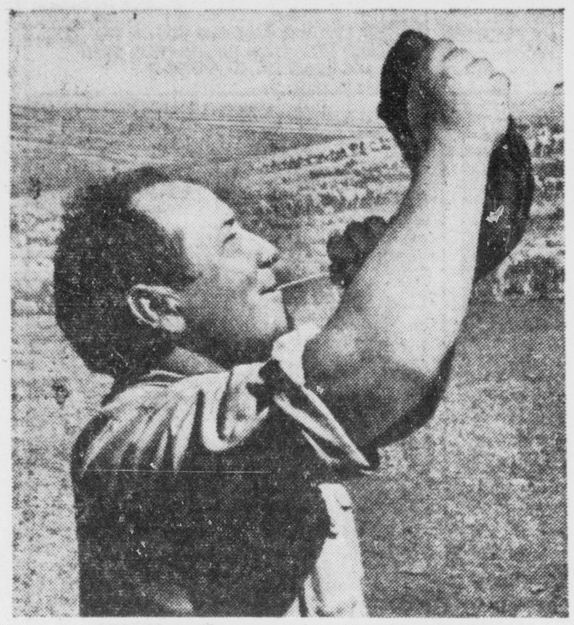
MODERN SHEPHERD of the HILLS



REFRESHING. Luis washes down his noonday meal with a drink of wine from the bota, a Spanish drinking vessel made of goatskin.

LONELY SHEPHERD. Luis stands a solitary figure amid his flock of ewes and lambs in the California foothills.

For centuries, sheepherding has been one of the chief occupations of the Basques, a hardy people of the deep valleys of northern Spain and the narrow strip of southern France which is Basque country. It's a lonely job, perhaps one of the world's loneliest.

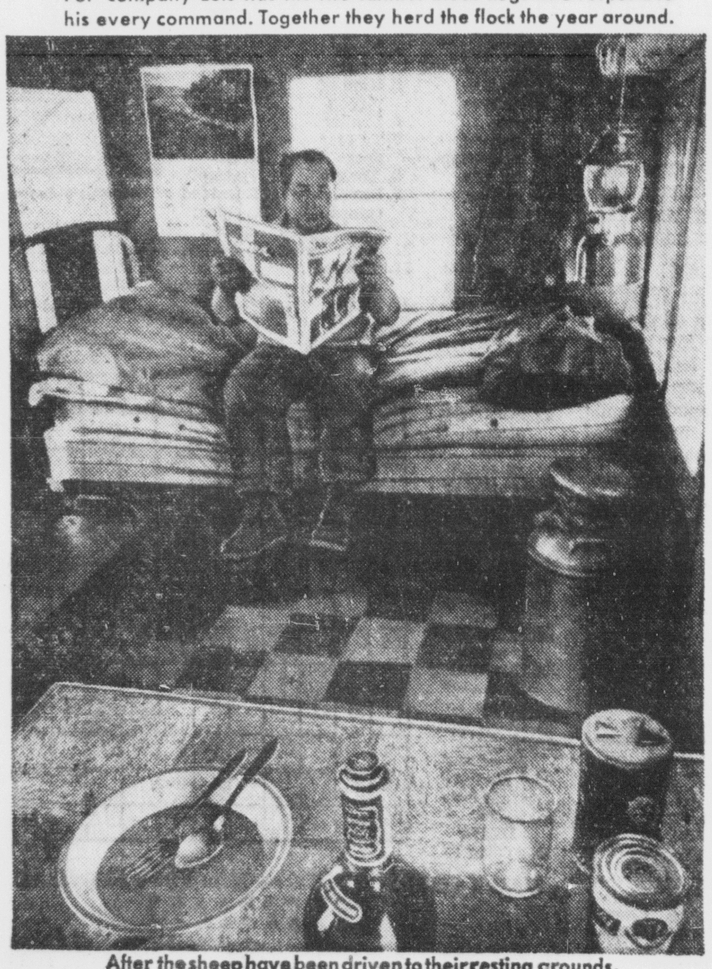
The familiar figure of the Basque with his sheep is no longer confined to his native pastures. He's now a fixture seen on the vast sheep ranches of the American West, particularly in California, Colorado and Utah. Several hundred are brought over each year to tend the flocks. They're ideal for the job, say the American sheep owners.

On one of these ranches, near Fresno, Calif., is Luis Echamandi, a burly Basque in his middle thirties. With his flock of 800 ewes and 950 lambs, and a trailer for his shelter, Luis leads a lonely life as he drives his flock to favorable feeding grounds. He cooks his own meals. He sees few people during all the weeks of his journeyings. He has two large black dogs to keep him company.

Luis, like the rest of the 800 Basque sheepherders now in this country, is under contract to stay three years. At the end of that time, he will return to his native province of Navarra in Spain, richer by far with the savings he has accumulated.

For company Luis has his two faithful black dogs who respond to his every command. Together they herd the flock the year around.

Luis and his dogs keep a watch on the flock as they graze close by his trailer home. He gets help to move the trailer when he has to find new grazing spots.



After the sheep have been driven to their resting grounds, Luis takes a few minutes to read a Spanish magazine.

He prepares and cooks his own meals in his trailer which is equipped with butane stove and refrigerator. He often cooks dishes native to Spain.

A welcome visitor to Luis' camp is Joe Elcano who drives a water and provisions truck, bringing water to the portable trough and fresh food to Luis. They chat in their native Spanish.

Chrysler Reports $11.9 Million Profit

DETROIT (AP) — Chrysler Corp., which lost 15.7 million dollars the first half of last year, has reported a profit of 11.9 million dollars for the first six months of 1962. The net was equal to $1.31 a share.

The turnaround came despite sub-par sales of 1.07 billion dollars which barely exceeded the 995 million dollar total of the first half of 1961.

For the second quarter Chrysler reported earnings of 10.6 million dollars, or $1.17 a share, on sales of 572 million dollars. These figures compared with earnings of 6.2 million dollars on sales of 563 million dollars in the similar quarter a year ago.

The second quarter also showed improvement over the first three months of 1962 when the automaker earned 1.3 million dollars on sales of 498 million dollars.

The board of directors, meeting in New York, declared the usual 25 cent quarterly dividend.

In 1958, on an almost identical dollar sales volume, Chrysler lost 25.2 million dollars in the first six months.

The corporation reported a rise in defense sales from 96 million dollars in the first half of last year to 130 million dollars in the comparable period this year.

Model year production in United States and Canadian plants, which ends this week, will total about 813,000 cars and trucks, up 6,000 from the 1961 model year, the corporation said.

This week marked the end of the first year as president for Lynn A. Townsend, who succeeded L. L. (Tex) Colbert.

Jobs For Teen-Agers Available

Jobs are available for teenagers through the State Department of Employment in San Rafael and other job possibilities are being sought, Clay Underhill told the Mill Valley Youth Committee last night.

Underhill, chairman of the subcommittee on vocational training and employment, reported a request for funds will be made of the city of Mill Valley to see if youths may work with the city's park department.

He also suggested use of vocational training shops at Tamalpais High either for credits or cash. Granville L. Beedle, chamber of commerce secretary-manager, was named to the committee which also includes Richard Parino.

Appointed chairman of the recreation center subcommittee was Councilman William M. Secor. This subcommittee decided that Secor and Mayor Joseph E. Sheeks, also a member, will appoint persons to look for sites for a proposed recreation center in southern Marin. They are also to ask the County Board of Supervisors for cooperation, including assistance on how to finance the center.

Partner Saves Home From Fire

Fire of unknown origin caused extensive smoke damage to the Tiburon home of James V. Olson while the family was vacationing in Los Angeles.

Olson's partner, Clyde Miller of Novato, went to the home at 700 Hilarita Drive shortly after 4 p.m. Wednesday. The home is the office of Miller and Olson Construction Co. He found smoke coming from the chimney and thought the Olson's had returned early. Checking, he found they had not and noticed windows were black from smoke.

Firemen put out the fire which burned a small hole in the living room floor and destroyed an overstuff chair.

Yule Decor Plans

Harry A. Bell has been named chairman of the Christmas decorations committee by directors of the Mill Valley Chamber of Commerce, secretary-manager Granville L. Beedle said today. The chamber has budgeted $1,500 for the displays and plans will be started at once on the project. Other committee members are John T. Little, E. Andrew Lax and Normand Black.

How to help pay for freedom and make money at it

What are you looking for when you invest your money? Safety? A good return? A strong, reliable company?

You get all three when you buy Savings Bonds.

They're one of the safest investments in the world, because they're backed by the credit of the U.S. Government.

They pay you 33⅓% more money at maturity than what you put in—money that can help send a child to college or finance a new home.

And what better "company" is there than America itself?

What's more, you get an *extra* benefit from U.S. Savings Bonds that no other investment can give you. The extra "dividend" of a strong, free America. For America must be strong to be free. Your Bond dollars help make it so.

It's easy to buy Savings Bonds on the installment plan. Just ask your employer to set aside a regular amount from your paycheck. Or you can buy Savings Bonds at any bank. You'll find you've made one of the world's soundest investments—an investment in your future. And you'll get more than your money back.

This man says our system is decaying. An important way we can keep him wrong is to keep strong financially—as individuals and as a nation.

Keep freedom in your future with

Partnerless Parents Set Activities

A ferry boat ride to Angel Island, a hospitality hour and theater party for widowed and divorced parents with children are among August activities scheduled by the San Francisco-Marin Chapter of Parents Without Partners.

A chapter of the same group for Marin residents only was formed this week in San Rafael.

Members of the San Francisco-Marin chapter may attend a hospitality hour at 8 p.m., Aug. 3 in the community room of Bayview Federal Savings and Loan Assn., 3560 Geary Boulevard, San Francisco.

A theater party for teenagers and their single parents will be held Aug. 11.

Parents and their children may meet at 9 a.m., Aug. 19 at Pier 45, Sausalito, for a boat ride to Angel Island, where members may picnic, swim and hike until the ferry returns at 5 p.m.

A dessert party will be held at 8 p.m., Aug. 25; a group discussion at 8 p.m., Aug. 30 concludes the month's activities for the chapter.

New Controller At Marin General Hospital Named

Gordon D. Goodrich of Petaluma has been appointed controller at Marin General Hospital, administrator William W. Turned announced yesterday.

Goodrich succeeds Richard Drant, who left to assume a similar position in another hospital.

Goodrich established the costing accounting system for Monterey Hospital; did a special audit and systems control for O'Connor Hospital in San Jose, and has done the annual audit for Santa Clara Hospital in San Jose, Turner said.

Goodrich since 1959 has been in charge of the fiscal operation for the Petaluma Co-Operative Creamery.

He is moving to Fairfax, Turner said.

About one-fourth of all money spent for food in the United States in 1961 was for meat.

MARIN FILM FARE

Variety Adds Spice To Screens

By LES DARD

Variety is the spice of Moviedom's offerings on Marin County screens this weekend:

TAMALPAIS AND 101 DRIVE-IN

A charming romantic comedy with an Oriental flavor and exceptional photography arrives Sunday at both the Tamalpais Theater and the new 101 Drive-In. It's "My Geisha," starring Shirley MacLaine, Yves Montand and Edward G. Robinson.

Shirley plays an American screen star, Yves her husband who has become famous as her director. Robinson plays the producer.

Yves decides to make a movie on his own. He picks "Madame Butterfly," and wants to star an unknown Geisha. Shirley secretly follows him to Japan. She passes herself off at a party as a geisha, fooling both her husband and her perennial co-star, Robert Cummings.

After this, she arranges to take a screen test, and lands the role as her husband's star. You can imagine the complications. Only an actress of Miss MacLaine's caliber could make this role seem plausible.

RAFAEL THEATER

"Boys Night Out," a spicy comedy starring Kim Novak, Tony Randall, Howard Duff and James (Maverick) Garner, arrives Sunday.

This is the story of several suburban husbands whose wives allow them one night a week on the town. After a while, it gets boring, and the boys decide to rent a swank New York apartment, complete with gorgeous blonde.

Well, along comes Kim, who seems to fit the bill. One by one, the boys file in for their fling, and one by one, they lose their courage. Turns out Kim isn't what they thought.

Janet Blair, Patti Page, and Jessie Royce Landis contribute froth to this frivolous farce. Good summer relaxation.

MOTOR MOVIES

"That Touch of Mink" is a fluffy comedy that turns the battle of the sexes into a glossy tug-of-war—with Doris Day and Cary Grant doing the tugging. It opens Sunday.

Cary plays a multi-millionaire bachelor whose Rolls-Royce splashes mud on poor working girl Doris. He tries to make amends, and Doris finds herself being chased, and gives Cary a run for his money.

The pursuit starts in an Automat, winds up taking a private jet to a plush hotel suite in Bermuda.

Sharing the nonsense are Audrey Meadows and Gig Young.

TIBURON PLAYHOUSE

A couple of memorable comedies are playing a return run, we're happy to report.

"Pillow Talk" stars Rock Hudson as a young man who croons on the telephone to moonstruck females, and Doris Day as a business-before-pleasure career girl who shares his party line. They get comedy assists from Tony Randall and Thelma Ritter.

"Operation Petticoat" stars Cary Grant and Tony Curtis in a long spree of nautical jokes. Cary plays a wartime submarine commander and Tony a lieutenant with an absolute talent as a pirate.

If it's relaxation you want, this is for you, through Saturday night.

FAIRFAX THEATER

A genuine shocker sizzles on the screen of the Fairfax, despite its cool title, "A Cold Wind in August." The frankest American adventure thus far in the "new wave" film approach.

The surprisingly well done picture stars Lola Albright as a burlesque queen idling away her summer in New York who is suddenly, inexplicably infatuated with the son of her apartment manager. For adults.

NOVATO THEATER

Two pictures with punch arrive Sunday.

"Cape Fear" is plainly designed to scare the daylights out of you, and does. Robert Mitchum, Polly Bergen and Gregory Peck star.

The tragedy of Ira Hayes, the Pima Indian who became a Marine hero in the Iwo Jima flag-raising, is breathed back to life with an exceptional portrayal by Tony Curtis. A story of the fall and degradation of a national hero. Not pretty, but something all should see.

LARK THEATER

You'll be seeing Peter Sellers at his comic best in "Only Two Can Play," a British farce that has just enough philosophical realism to keep the audience from exploding with laughter.

Sellers plays a lowly librarian, frustrated in job and marriage, into whose life walks a ravishing blonde.

Sellers, the pained husband, becomes Sellers the panting chaser, mustering all his masculinity for a reckless affair. The blonde is Mai Zetterling, and despite her cooperation, the affair never quite comes off.

SEQUOIA THEATER

A family delight arrives Sunday with Walt Disney's "Bon Voyage," starring Fred MacMurray and Jane Wyman.

It's over two hours of good clean fun based on the adventures of a Midwest family on their first trip abroad. Fred and Jane play Mom and Pop to a teen-age son and daughter and one younger son.

Aboard the liner United States, the older boy gets mixed up with a succession of pretty girls, and daughter is chased by a mixed-up playboy.

SPICY COMEDY—Kim Novak entertains James Garner with Tony Randall, Howard Duff and Howard Morris looking on with envy in the laugh-packed comedy, "Boys Night Out," opening Sunday at Rafael Theater.

Bassett Hound Fun Day Planned

The Northern California Bassett Hound Club will hold its annual fun day this year in Mill Valley at Boyle Park, Aug. 19.

Open to the public from 11 a.m. to 2:30 p.m., activities include judging at 11 a.m. by Mel Morse, managing director of the Marin County Humane Society, and a Bassett parade.

Judging will be for the largest ears, gayest tail, fattest and tiniest dogs and Bassett with the most wrinkles. No points or scores will be given, according to club president Roy W. Barrier and an entry fee will be charged. Trophies will be awarded in all classes in the parade.

Sausalito Scrapbook Committee Sought

Educator Says Socialism In U.S. Gaining

"We are moving toward socialism and letting democracy go by default," San Jose educator Dr. Percival Bliss told the Sausalito Rotary Club yesterday.

"Little by little the individual citizen is being deprived of his right to succeed or fail on his own merit." Bliss added that Sausalito Rotarians must be alert as leaders and responsible citizens. "When we fail to take advantage of opportunities," he said, "our rights as citizens go down the drain."

Bliss, dean of instruction at San Jose City College, told the club of the "new promise" present in Sausalito and said members should "run with the ball and not drop it. "Tailor Sausalito to what you want," he continued. "Don't leave it to the vagrant population." He also said that the club members must coordinate the different factions in the community or "wind up with a hodgepodge."

AND SAVED LIVES

Freeway Barriers Mean Danger

By BILL BOYARSKY

SACRAMENTO (AP) — Take a freeway, crowded with trucks, autos, and buses pushing past the speed limit.

Add a broken barrier fence in the middle and five men trying to fix it.

It sounds like a modern-day version of a scene from one of those thriller serials neighborhood movies used to show on Saturday afternoons.

But it's not. It happens almost every day on the packed freeways around the San Francisco Bay Area and Southern California.

Ever since the state began building barriers in the center dividing strips of metropolitan freeways, it has needed men to fix them.

Although the Division says none of the state repairmen has been injured by a passing vehicle, it admits that the job can be risky at times. A car once hit a workman employed by a contractor installing a barrier.

The barriers—there are now 77 miles of them in the Los Angeles area alone—prevent those devastating headon collisions that inevitably kill or cause serious injury. Less severe accidents have increased, but the Division of Highways says the barriers have virtually eliminated head-on- collisions.

For a graphic testimonial to their success, take a drive along one of the high-speed roads.

One motorist counted 33 breaks in the chain mesh barrier in a 10-mile stretch between Pomona and Covina.

Another saw 30 breaks on a 20-mile portion of the San Bernardino Freeway.

Every break represented a potential headon crash.

Two types of barriers are used. One is made of thick wood beams and heavy metals and requires virtually no maintenance. The other is made of chain mesh and resembles a fence around a school yard.

When a vehicle strikes one, it uproots the thin metal support post and bunches up the fence as if it were an accordion.

The repair crews work during the day, when traffic is heaviest.

Working in the narrow center section with vehicles speeding past on both sides, they remove the damaged posts and install new ones. The battered fencing is replaced and the broken cable spliced.

It's expensive to repair the mesh barriers. Last year, $225,000 was spent in the Los Angeles area and the state paid only a third of it. The motorists who caused the damage chipped in the rest.

For each time a fence is damaged, the driver is traced and billed for the amount of the repair.

Temperance Society Has Booth At Fair

Eight members of the Marin branch of the American Temperance Society are manning a booth at the Santa Rosa County Fair this week, president H. A. Rentfro has announced.

The booth is equipped with literature, newspaper clippings, and films which are part of an educational program designed "to inform the public of the dangerous inroads of liquor and narcotics, which affect thousands of boys and girls today."

Guide Dogs Set Annual Field Day

Nearly 200 puppies and children of assorted sizes and ages, plus a like number of parents and advisers, will congregate at the Guide Dogs for the Blind school in San Rafael Aug. 2 for the annual field day and dog show.

The youngsters are 4-H Club members from 25 California counties and the puppies are future Guide Dogs. The Guide Dogs school, which breeds all of its own dogs, "farms out" its puppies at age three months for a tour of nine months in the home of select 4-H'ers who train them to heel, sit, stay, retrieve and be sociable.

Once a year all the 4-H children and their charges return to the school for a full dress dog show with competition in various age groups and ribbons and trophies for winners. Awards will be given for showmanship, obedience, and combined score.

When they're a year old the dogs are returned to the school for three months of training by professionals. Then they meet their sightless future masters and are trained with them as teams before graduation. They must pass such tests as crossing Market Street in San Francisco during rush hour.

Clarence J. Pfaffenberger, who's in charge of research and placement of puppies, said the dog show will be held on the same competitive basis as other California shows. Experienced judges will grade the competitors, he said.

Eclipses have aided in precisely computing the movements of moon and earth and in calculating the earth's exact size and shape.

6 Threatened Dairymen Back In Business—'It's Miracle'

By PHIL FRADKIN

Six longtime Marin dairymen, faced with the possibility of being forced out of business when the sale of Lucas Valley Dairy to the Petaluma Cooperative Creamery was announced last month, are back in business—but on a reduced scale.

The Borden Co. has taken on five of the dairymen under a contract, effective Aug. 1, to deliver approximately two-thirds less milk than they have been delivering for Lucas Valley.

These dairymen are Joe Sequeira, Manuel Gonsalves, Joseph Luiz Jr., Ernest Luiz and Reynald Genazzi. The sixth, Frank Soares, signed a contract with Golden State.

Borden gave the dairymen a chance to increase their deliveries by inserting a clause into the contract crediting them with any new business picked up by the company in Marin.

Lucas Valley, notifying the dairymen last month of the termination of their contracts on July 30, made it possible for them to buy into the Petaluma cooperative. The dairymen, ruling out this alternative as being too costly, faced the possibility of being forced out of business.

Gonsalves said the offer of a Borden's contract "Was a miracle of God. We would have been sunk without them."

Winston Engvall, county farm advisor, had said he knew of one dairyman in the last four years who had been able to obtain a new contract for furnishing Grade A milk to a processor.

Gonsalves also said, in reference to a story at the time the dairymen thought they might be forced out of business, "If it wasn't for the Independent-Journal we would be out of business for sure."

A spokesman for Borden said today that the company heard about the plight of the dairymen and took them on "to keep them in business."

Gonsalves commented that the Borden contract offer has the dairy industry baffled, considering the present surplus milk production. "This just doesn't happen anymore," he said.

Hospital Gets Accreditation

San Rafael General Hospital has received a three-year approval from the Joint Commission on the Accreditation of Hospitals, it was announced yesterday.

In a letter from the commission to hospital administrator John H. Prescott, the hospital was cited for "maintaining standards deserving of accreditation and for constant effore to improve the quality of patient care."

The approval came as a result of a survey conducted on June 11 by Dr. Carl Bachman, field representative for the commission.
